Contemporary Debates on the Short Story José R. Ibáñez Ibáñez, José Francisco Fernández, Carmen M. Bretones, 2007
For nearly a century of being underestimated as a literary genre the short story is currently experiencing a revival The editors of this collection of articles have brought together the contributions of nine outstanding scholars in the field of the short story to reveal some of the many directions in which the genre is expanding This book is a reasoned and well documented anthology which casts light on new aspects of the short story It participates in the current trend of short story criticism characterized by the gathering in one single volume of a diversity of approaches with the main aim of promoting discussion on this thriving area of literary studies The editors of this volume believe that a fruitful tension may rise by putting side by side insights into a not so well known tradition on the one hand and fresh considerations on unexpected developments of the short story on the other All in all the short story emerges as a dynamic and flexible form that reacts and adapts itself better than any other literary genre to the challenges of the sceptical times we live in *Host Bibliographic Record for Boundwith Item Barcode 30112044669122 and Others* ,2013 **Lessons from the New Cold War** Hal Brands, 2025-07-01 How the US China rivalry is reshaping global power democracy and the international order A new cold war is unfolding one that will define the future of the international order In Lessons from the New Cold War editor Hal Brands assembles an all star cast of the most influential thinkers in foreign policy defense strategy technology and economics to grapple with the defining geopolitical rivalry of our time the competition between the United States and China Over the past decade Washington has placed its contest with Beijing at the center of its national strategy forging a rare consensus across the political spectrum But as this global confrontation intensifies across supply chains the Taiwan Strait and cyberspace key questions remain Where is America succeeding Where is it falling short And how can it prepare for what lies ahead Through a sweeping analysis that spans cutting edge technology economic decoupling and military strategy this book explores the multilayered nature of the conflict Contributors examine China s assertive economic statecraft and its ambitions for a new global order the shifting nuclear balance and the intelligence war the complex web of Indo Pacific alliances and the ideological struggle over democracy and authoritarianism Covering vital topics like semiconductor supremacy democracy s durability India s strategic role and the future of US leadership this incisive collection offers an unflinching assessment of the New Cold War s stakes and a roadmap for navigating its challenges Essential reading for policymakers scholars and anyone concerned with the global balance of power it is a vital guide to a rivalry that is reshaping the twenty first century Libros españoles en venta ,1996 **Libros españoles en venta, ISBN** ,1984 **El Libro español** ,1983 Includes a separately pagged section Repertorio bibliogr fico clasificado por materias which also appears in Libros nuevos **Libros españoles, ISBN.** ,1980 *Jane.
