Business Organizations

Lesson 1: Forms of Business Organizations

Review Questions

Directions: Read each main idea and complete the statements below. Refer to your textbook as you write the answers.

A. Sole Proprietorships

Main Idea: A sole proprietorship is a business owned and operated by a single individual or owner. Although you are your own boss, you also have total liability, and you may lack the skills needed to run a business successfully.

1. A sole proprietorship is not _____, so it is ready for business as soon as operations are set up, and the owner keeps all the _____.
2. A sole proprietorship is easy to _____, and it is _____ because the owner does not have to confer with or answer to anyone else before making a decision.
3. A sole proprietor does not have to pay separate business income _____ and can _____ close down the business.
4. A sole proprietor has unlimited _____ for his or her business, which means that he or she is fully responsible for all of the business's losses and debts. A sole proprietor may also have trouble raising needed _____.
5. Because of _____, the sole proprietorship may have trouble hiring the employees it needs and carrying enough _____ to satisfy customers or to keep production flowing smoothly.

B. Partnerships

Main Idea: There are two types of partnerships—general and limited—and each has its own advantages and disadvantages as a business organization.

1. In a _____ partnership, all partners are responsible for the business's finances and _____.

This book provides assistance to employees by taking a journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level. By examining issues and scenarios that relate directly to their work environment and their degree of autonomy in that environment, employees can develop a clearer sense of how their corporate code of ethics relates to operational decisions made on a daily basis.
