Academic Assessment and Intervention Steven Little, Angeleque Akin-Little, 2014-01-21 Serving students with academic deficiencies necessitates communication and collaboration among professionals from several disciplines Academic Assessment and Intervention brings together divergent approaches in order to demonstrate that scientific evidence rather than biases or previous practice must determine assessment practices that are selected and used for particular purposes Similar to a handbook in its comprehensive topical coverage this edited collection provides a contextual foundation for academic assessment and intervention describes both norm referenced and curriculum based assessment measurement in detail considers the implications of both of these assessments on ethnically diverse populations provides a clear link between assessment evidence based interventions and the RTI model and considers other important topics related to this area such as teacher behavior Intended primarily for graduate level courses in education school psychology or child clinical psychology it will also be of interest to practicing professionals in these fields *Enduring Issues In Special Education* Barbara Bateman, John W. Lloyd, Melody Tankersley, 2015-02-20 Enduring Issues in Special Education is aimed at any course in the undergraduate or graduate special education curriculum that is wholly or partly devoted to a critical examination of current issues in special education The book organizes 28 chapters into seven sections using familiar structuring principles what who where how when why and whither Each section begins with an introduction that provides historical legal and theoretical background information and organizing commentary for the chapters that follow The book's objective in addition to informing readers about the issues is to develop critical thinking skills in the context of special education Key features include the following Dialectic Format Each of the 28 chapters presents compelling reasons for addressing the issue at hand and specific ways to do so Because each issue is written from different perspectives and focuses on a variety of aspects readers are encouraged to weigh the arguments seek additional information and come up with synthesized positions of their own Organizing Framework The book's seven sections have been arranged according to a scheme that is the essence of most investigative reporting and provides a coherent easy to understand framework for readers Expertise All chapters are written by leading scholars who are highly regarded experts in their fields and conclude with suggested readings and discussion questions for additional study **Using RTI to Teach Literacy to Diverse Learners, K-8** Sheila Alber-Morgan, Sheila René Alber, 2010-04-07 Covering reading and writing this book provides specific interventions for tiers 1 2 and 3 within a multi tier RTI framework so diverse learners can experience successful literacy Concurrent and Predictive Validity of AIMSWEB and DIBELS on Standardized Reading Measures Minh Van Non Ho, 2007 *Handbook of Reading Assessment* Sherry Mee Bell, R. Steve McCallum, 2008 Comprehensive readable and filled with numerous authentic examples The Handbook of Reading Assessment addresses the continuum of reading assessments from informal classroom based to high stakes formal testing This book is unique in its comprehensive balanced and timely coverage of key issues and challenges in

assessment of reading Designed for use by advanced undergraduates and graduates in general education reading education special education and school psychology this much needed resource addresses the wide range of reading assessments educators must be able to use and understand to effectively assess instruct and to communicate across disciplines Separate chapters focus on informal classroom based assessment progress monitoring individual norm referenced assessment and group norm referenced or high stakes testing Each of these chapters concludes with useful tables listing some of the most commonly used assessments and their psychometric properties The Handbook of School Psychology Cecil R.

Reynolds,Terry B. Gutkin,2009 As the standard reference in the field this edited handbook focuses on how a school psychologist can operate and create change within the educational system instead of focusing solely on the diagnosis and treatment of an individual Chapters have been updated and revised to provide a contemporary view of the field *Best Practices in Literacy Instruction, Third Edition* Linda B. Gambrell,Lesley Mandel Morrow,Michael Pressley,2007 Now in a thoroughly revised and expanded third edition this evidence based book distills the latest knowledge about literacy teaching and learning into clear strategies for helping all children succeed Within a comprehensive conceptual framework the field s leading authorities provide eminently practical recommendations to guide instructional decision making The third edition has been fully updated with current research findings policy issues and program innovations It offers significantly revised coverage of assessment motivation approaches to integrating different kinds of texts and multimedia resources and adolescent literacy New chapters address working with English language learners and supporting teachers professional development Also featured is a new concluding commentary by Michael Pressley School Psychology Review ,2007

Students with Learning Disabilities Cecil D. Mercer,Paige C. Pullen,2009 For courses in Learning Disabilities The seventh edition of this popular text offers comprehensive coverage and a balanced approach of all of the varying theories and practices in the field educational medical and psychological incorporating assessment definition characteristics and strategies all to help readers develop their own personal perspective It presents equal treatment to information about the characteristics definitions causes and controversies of learning disabilities with each researched based topic clearly designed to support both diagnosis and intervention Throughout the text best practices have been identified through thorough research and practical examples Revised to include the latest research and recent developments the seventh edition reflects the latest trends in the field of learning disabilities The authors have included new and expanded coverage of cultural diversity Responsiveness to Intervention techniques for identifying students with learning disabilities expanded coverage of effective practices to prevent and remediate reading difficulties effective assessment strategies and teaching practices in the academic areas based on recent research a new chapter on ADHD a focus on how to teach and manage students with learning disabilities and information on the 2004 reauthorization of IDEA and the 2006 Code of Federal Regulations Current and classic *Students with Learning Disabilities Seventh Edition* will stimulate and interest its readers about the nature and

needs of individuals with learning disabilities *Assessing Students with Special Needs to Produce Quality Outcomes* Carol A. Layton, Robin Hartman Lock, 2008 *Assessing Students with Special Needs to Produce Quality Outcomes* promotes outcome based evaluation to guide the Multidisciplinary Team MDT in selecting appropriate Individualized Education Program IEP goals classroom modifications and accommodations as well as optimal instructional strategies It advances the development of assessment based IEPs to enable the MDT to pinpoint and address specific needs to improve student outcomes Obtaining data from a variety of perspectives and settings improves the opportunity for identifying overall competencies and needs in preparation for higher functioning in all settings *Assessing Students with Special Needs to Produce Quality Outcomes* presents an integrated look at a variety of assessment methods in an easy to read book FEATURES Recommends student centered strength based assessment techniques by providing reality based stories to aid the reader in understanding how the tools of formal informal and authentic assessment merge to provide a more complete understanding of the student Provides special features for linking IEP development and daily instruction to highlight the fundamental relationship between assessment and the IEP Emphasizes the growing role of technology in the assessment process as identified by IDEA 2004 to utilize assistive technology in evaluation and instruction Includes innovative research based techniques not extensively explored in other assessment textbooks Explains the impact of cultural diversity on assessment issues and provides specific recommendations for addressing nondiscriminatory culturally sensitive evaluation to prepare the reader to meet the needs of a diverse society Proposes authentic strategies to increase parent teacher and student participation in the IEP process as mandated by IDEA 2004 **Using Direct Phonological Awareness Interventions with At-risk EL Students** Gabriel Gutiérrez, 2006 **The Effects of Repeated Readings on Second Grade Students with Specific Learning Disabilities** Amy Marie Keller, 2013 The purpose of this action research project was to implement repeating readings and examine their effectiveness on the reading fluency of second grade students who have specific learning disabilities For eight weeks repeating reading strategies were implemented for approximately 20 minutes three days a week This study took place during reading class with three second grade students The students growth was assessed using the Standard Oral Reading Fluency Assessment Passages from the Achievement Improved Monitoring System AIMSweb The Oral Reading Fluency subtest from the Wechsler Individual Achievement Test 3rd edition and the Reading Fluency subtest from the Woodcock Johnson Tests of Achievement Revised III were also administered These assessments were given in the winter as a baseline and again in the spring to measure the students reading fluency growth Data was analyzed to measure the effectiveness of using the strategy of repeated readings to increase the reading fluency rate of students with reading disabilities
