Box Office ,1962 **EBOOK: Introduction to Mass Communication: Media Literacy and Culture** BARAN, STANLEY,2011-02-16 EBOOK Introduction to Mass Communication Media Literacy and Culture *Faith and the Zombie* Simon Bacon,2023-03-27 Themes of faith and religion have been threaded through popular representations of the zombie so often that they now seem inextricably linked Whether as mindless servants to a Vodou Bokor or as evidence of the impending apocalypse the ravenous undead have long captured something of society's relationships with spirituality religion and belief By the start of the 21st century religious beliefs are as varied as the many manifestations of the zombie itself and both themes intersect with various ideological environmental and even post human concerns This book surveys the various modern religious associations in zombie media Some characters believe that the undead are part of God's plan others theorize that the environment might be saving itself or that zombies might be predicting life and hybridity beyond human existence Timely and important this work is a meditation on how faith might not just be a forerunner to the apocalypse but the catalyst to new kinds of life beyond it **New York Supreme Court, Augustin Dail vs. Gustav Amberg** ,1891 Film and Tourism Marco Valeri,2025-04-01 Film tourism has emerged as a major driver of tourism development for many destinations To date there has been substantial literature on the subject but little of it has engaged with the wider social science paradigm of culture film and media research The intellectual components of film tourism as an area of academic inquiry span several academic subjects such as marketing economics finance psychology social development sustainability and operations Film is a relatively obscure area of tourism research but the wider interconnections between tourism space and media are beginning to be explored and understood The interest which the topic has generated highlights this subject as one that is worthy of attention within both the academic community and in a practitioner context The contributions in this book discuss the debates about the perceived and actual impact of film tourism and what must still be learned about this phenomenon to create the most unique and satisfying visitor experiences and protect the communities and environments that it affects Fundamental questions are raised regarding the real demand for and draw of film as a tourism motivator and the range of assumptions conflicts and contradictions that underlie them **In Theaters Everywhere** Brian Hannan,2019-01-09 Conflicts among Hollywood studios and exhibitors have been going on for years At their heart are questions about how films should be released where when and at what speed Both sides of this disagreement are losers with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output In the Silent Era movies were not released nearly as widely as they are now This book tells the story of how the few became the many It explores the contraction of the release cycle the maximization of the marketing dollar and the democratization of consumer access It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found **HCI in Business, Government and Organizations** Fiona Nah,Keng Siau,2023-07-20 This two volume set of HCIBGO 2023

constitutes the refereed proceedings of the 10h International Conference on HCI in Business Government and Organizations held as Part of the 24th International Conference HCI International 2023 which took place in July 2023 in Copenhagen Denmark The total of 1578 papers and 396 posters included in the HCII 2023 proceedings volumes was carefully reviewed and selected from 7472 submissions The HCIBGO 2023 proceedings focuses in topics such as artificial intelligence and machine learning blockchain service design live streaming in electronic commerce visualization and workplace design
