Excel 2007 Matthew MacDonald, 2006 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use

Unfortunately Microsoft's documentation is as scant as ever so even if users can find advanced features they probably won't know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It's a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information

E-music James Maguire, 2000 MP3 and other digital music technologies have enabled the Internet to become an increasingly popular medium for instant delivery of music This text teaches how to download files use MP3 players and edit and manage sound files

TechTV Leo Laporte's 2003 Technology Almanac Leo Laporte, Laura Burstein, 2003 As co host of TechTV's hit show The Screen Savers Leo Laporte's high energy wit wisdom and style makes learning about technology easy and fun TechTV Leo Laporte's 2003 Technology Almanac a follow up to the smash hit Poor Leo's 2002 Computer Almanac includes All New content It's a one of a kind resource for every day of the year with advice tips and secrets about today's most popular technology topics In this edition you'll find An entire page dedicated to each day of the year Essential tips for mastering Windows Mac and Linux Coverage of computers MP3 players cell phones Pocket PCs networks and more Essays and anecdotes that will enlighten and inform Technology history milestones matched to each day of the year Unbelievable assortment of I didn't know that facts and figures New glossary with Leo fied definitions for all key terms Black Book section with useful company contact information *Illinois Football*, 2007 Online Access, 1995
