Freedomnomics John R. Lott, 2007-06-04 Are free market economies really based on fleecing the consumer Is the U S economy truly just a giant free for all that encourages duplicity in our everyday transactions Is everyone from corporate CEOs to your local car salesman really looking to make a buck at your expense In Freedomnomics Why the Free Market Works and Other Half Baked Theories Don t economist and bestselling author John R Lott Jr answers these and other common economic questions bravely confronting the profound distrust of the market that the bestselling book Freakonomics has helped to popularize Using clear and hard hitting examples Lott shows how free markets liberate the best most creative and most generous aspects of our society while efforts to constrain economic liberty no matter how well intentioned invariably lead to increased poverty and injustice *The Car Book 2006* Jack Gillis, Amy Curran, David Iberkleid, 2003
