**Pawns in the Game** William Guy Carr,1993     *Revolution Squared* Atef Shahat Said,2023-11-17 In Revolution Squared Atef Shahat Said examines the 2011 Egyptian Revolution to trace the expansive range of liberatory possibilities and containment at the heart of every revolution Drawing on historical analysis and his own participation in the revolution Said outlines the importance of Tahrir Square and other physical spaces as well as the role of social media and digital spaces He develops the notion of lived contingency the ways revolutionary actors practice and experience the revolution in terms of the actions they do or do not take to show how Egyptians made sense of what was possible during the revolution Said charts the lived contingencies of Egyptian revolutionaries from the decade prior to the revolution s outbreak to its peak and the so called transition to democracy to the 2013 military coup into the present Contrary to retrospective accounts and counterrevolutionary thought Said argues that the Egyptian Revolution was not doomed to defeat Rather he demonstrates that Egyptians did not fully grasp their immense clout and that limited reformist demands reduced the revolution s potential for transformation

**Pawns in the Game** William Guy Carr,2025-04-30 Here is a TRUE story of international intrigue romance corruption dirty tricks and political assassination as never before told It is the story of how different groups of atheistic materialistic men have played in an international chess tournament to decide which group would win ultimate control of the wealth natural resources and human power of the entire world It explains how the game has reached its final phase International communists and international capitalists both with totalitarian ambitions have temporarily joined forces to defeat Christian democracy The cover design original publication shows that all the moves made by the International Conspirators are directed by Satan and although the situation is decidedly serious it is definitely not hopeless The solution is to end the game that the International Conspirators have been playing right now before one or the other totalitarian minded group imposes its ideas on the rest of humanity The story is sensational and shocking but it is educational because it is the TRUTH The author offers practical solutions to problems that so many people consider insoluble
