**Ebay Rescue Problem Solver** Kevin W. Boyd, 2009-01-06  
 eBay made it so easy. The troubleshooter for avoiding expensive mistakes. Selling on eBay can be confusing, frustrating, and often discouraging, no matter the seller's skill level. Most sellers are self-taught, starting with a beginner's book and progressing to trial and error, listings that produce hit or miss results, and expensive mistakes. eBay sellers often have so many questions, problems, and at the same time so many creative ideas that sometimes listing paralysis occurs. Where do they go to get their answers? eBay help desk representatives can only provide sterile procedural answers, not practical tactical solutions. Many good books about eBay are on the market, and although the more intermediate and advanced books provide good tips and strategies, they miss the most critical need: eBay sellers have solving their problems. Sellers need an eBay guru. In **Ebay Rescue Problem Solver**, readers find answers to the most challenging eBay-related questions concerning eBay and PayPal, account management, buying, selling, and bidding, payments and shipping, listing creation, and advanced listing techniques. Nonpaying and trouble bidders, photography, and the best way to use it, international selling.
