I. Finley,1965 The World of Odysseus is a concise and penetrating account of the society that gave birth to the Iliad and the Odyssey a book that provides a vivid picture of the Greek Dark Ages its men and women works and days morals and values Long celebrated as a pathbreaking achievement in the social history of the ancient world M I Finley's brilliant study remains as classicist Bernard Knox notes in his introduction to this new edition as indispensable to the professional as it is accessible to the general reader a fundamental companion for students of Homer and Homeric Greece
