## **Payne Hollow Journal:**

Payne Hollow Journal Harlan Hubbard, 2014-07-11 Harlan Hubbard was Kentucky's Thoreau and his journals are intimate records of a life lived in harmony with nature. For more than fifty years the artist, writer, and homesteader described daily activities and recorded keen observations as he sought to live simply and authentically. The third and climactic volume of his journals, *Payne Hollow Journal*, contains entries from the years he and his wife Anna lived at their Payne Hollow home along the Ohio River's Kentucky shore. There they mastered the arts of country life, building their own stone and timber house in 1952 and raising their own food. To live with nature was not a novel experience for the couple; earlier they had floated down the Ohio and Mississippi rivers to New Orleans on their homemade shantyboat. Hubbard described this journey in *Shantyboat Journal*, the basis for his *Shantyboat* and *Shantyboat on the Bayous*. By turns poetic and practical, *Payne Hollow Journal* celebrates nature's intense beauty and sometimes harsh realities as perhaps only an artist can see them. Here Hubbard reveals how dedication to work that provides sustenance—gardening, wood chopping, fishing, foraging, and raising goats—can also be fulfilling. Don Wallis's arrangement of the *Payne Hollow* entries reflects the seasonal changes in Hubbard and his life as well as in the natural world around him. At the beginning of this volume, Hubbard writes, "When we are away from Payne Hollow that place does not seem real or possible. It is hard to explain our situation to give reasons for our living this way to people who have no understanding or sympathy." A visit to the Hubbards' home through *Payne Hollow Journal* is ample explanation for anyone who has yearned to lead a life of simplicity and purpose. *Payne Hollow* Harlan Hubbard, 1974

Harlan Hubbard's *PAYNE HOLLOW LIFE ON THE FRINGE OF SOCIETY* provides an account of a self-made alternative lifestyle in early 1950s America. Anna and Harlan Hubbard, refusing to adopt the industrial positioning provided, built a simple home at Payne Hollow and documented their basic relationship of need to fulfillment within the carefully circumscribed wholeness of their honest, sensitive, extraordinary lives. Edward Lueders' *PAYNE HOLLOW* creates its own self-referential world, written as a painter's prose that fills its environment with a Thoreau-esque ecstasy expressed with sober simplicity. *The Louisville Courier Journal*

**Harlan Hubbard** Wendell Berry, 2021-10-19 By examining the life and work of celebrated painter Harlan Hubbard, author Wendell Berry creates the perfect vehicle for emphasizing the themes of his other writings: the value of self-sufficiency, our responsibility to the environment, the holiness of everyday life, and the preference of simplicity over modern mechanized life. Includes 20 color plates of Hubbard's own paintings along with several photographs of Anna and Harlan Hubbard.

**The Mother of All Arts** Gene Logsdon, 2007-07-20 When Gene Logsdon realized that he experienced the same creative joy from farming as he did from writing, he suspected that agriculture itself was a form of art. Thus began his search for the origins of the artistic impulse in the agrarian lifestyle. *The Mother of All Arts* is the culmination of Logsdon's journey, his account of friendships with farmers and artists driven by the urge to create. He chronicles his long relationship with Wendell Berry and discovers the playful humor of several new agrarian writers. He reveals insights gleaned

from conversations with Andrew Wyeth and his family of artists Through his association with musicians such as Willie Nelson and his involvement with Farm Aid Logsdon learns how music blues jazz country and even rock n roll is also rooted in agriculture Logsdon sheds new light on the work of rural painters writers and musicians and suggests that their art could be created only by those who work intimately with the land Unlike the gritty realism or abstract expressionism often favored by contemporary critics agrarian art evokes familiar feelings of community and comfort Most important Logsdon convincingly demonstrates that diminishing the connection between art and nature lessens the social and aesthetic value of both The Mother of All Arts explores these cultural connections and traces the development of a new agrarian culture that Logsdon believes will eventually replace the model brought about by the industrial revolution Humorous and introspective the book is neither conventional cultural criticism nor traditional art criticism It is a unique lively meditation on the nature and purpose of art and on the life well lived by one of the truly original voices of rural America **Journal of American Culture** ,1998

**Harlan Hubbard Journals, 1929-1944** Harlan Hubbard,1987 A collection of journal writings by Harlan Hubbard collected and compiled by Vincent Kohler and David F Ward *The Filson Club History Quarterly* ,1998 Includes list of members **The Encyclopedia of Northern Kentucky** Paul A. wooden flatboat from the grand flatboat era of the 1800s and sails it down the Mississippi River illuminating the forgotten past of America's first western frontier Seven years ago readers around the country fell in love with a singular American voice Rinker Buck whose infectious curiosity about history launched him across the West in a covered wagon pulled by mules and propelled his book about the trip *The Oregon Trail* to ten weeks on the New York Times bestseller list Now Buck returns to chronicle his latest incredible adventure building a wooden flatboat from the bygone era of the early 1800s and journeying down the Mississippi River to New Orleans A modern day Huck Finn Buck casts off down the river on the flatboat *Patience* accompanied by an eccentric crew of daring shipmates Over the course of his voyage Buck steers his fragile wooden craft through narrow channels dominated by massive cargo barges rescues his first mate gone overboard sails blindly through fog breaks his ribs not once but twice and camps every night on sandbars remote islands and steep levees As he charts his own journey he also delivers a richly satisfying work of history that brings to life a lost era The role of the flatboat in our country's evolution is far more significant than most Americans realize Between 1800 and 1840 millions of farmers merchants and teenage adventurers embarked from states like Pennsylvania and Virginia on flatboats headed beyond the Appalachians to Kentucky Mississippi and Louisiana Settler families repurposed the wood from their boats to build their first cabins in the wilderness cargo boats were broken apart and sold to build the boomtowns along the water route Joining the river traffic were floating brothels called gun boats smithy boats for blacksmiths even whiskey boats for alcohol In the present day America's inland rivers are a superhighway dominated by leviathan barges carrying 80 billion of cargo annually all descended from flatboats like the ramshackle *Patience* As a historian Buck resurrects the era's adventurous spirit but he also challenges familiar myths about American expansion confronting the bloody truth behind settlers' push for land and wealth The Indian Removal Act of 1830 forced more than 125 000 members of the Cherokee Choctaw and several other tribes to travel the Mississippi on a brutal journey en route to the barrens of Oklahoma Simultaneously almost a million enslaved African Americans were carried in flatboats and marched by foot 1 000 miles over the Appalachians to the cotton and cane fields of Arkansas Mississippi and Louisiana birthing the term sold down the river Buck portrays this watershed era of American expansion as it was really lived With a rare narrative power that blends stirring adventure with absorbing untold history *Life on the Mississippi* is a musical and majestic feat of storytelling from a writer who may be the closest that we have today to Mark Twain
