

The background of the book cover is a photograph. On the left, the Washington Monument is visible, its white stone surface contrasting with the clear blue sky. In the foreground, several purple tulips are in bloom, their vibrant petals and green stems adding a touch of color to the lower half of the image. The title 'EXPLORING THE C-SPAN ARCHIVES' is prominently displayed at the top. 'EXPLORING THE' is in a smaller, white, sans-serif font. 'C-SPAN' is in a very large, bold, red, sans-serif font, with the 'C' and 'S' being particularly large. 'ARCHIVES' is in a smaller, white, sans-serif font, positioned to the right of 'C-SPAN'.

*Routledge International Handbook of Emotions and Media* Katrin Döveling, Elly A. Konijn, 2021-11-09 In times of a worldwide pandemic the election of a new US president MeToo and Fridays for Future to name but a few examples one thing becomes palpable the emotional impact of media on individuals and society cannot be underestimated The relations between media people and society are to a great extent based on human emotions Emotions are essential in understanding how media messages are processed and how media affect individual and social behavior as well as public social life Adopting a thoroughly interdisciplinary approach to the study of emotions in the context of media the second entirely revised and updated edition of *Routledge International Handbook of Emotions and Media* comprises areas such as evolutionary psychology media psychology media sociology cultural studies media entertainment and political and digital communication Leading experts from across the globe explore cutting edge research on the role of emotion in selecting and processing media contents the emotional consequences of media use politics and public emotion emotions in political communication and persuasion as well as emotions in digital interactive and virtual encounters This compelling and authoritative Handbook is an essential reference tool for scholars and students of media communication science media psychology emotion cognitive and social psychology cultural studies media sociology and related fields

**Media as Procedures of Communication**  
*Martin Luginbühl, Jan Georg Schneider*, 2024-10-15 The book explores the multifaceted nature of media and communication by challenging traditional views that consider media solely as technical infrastructures for transmitting information Instead it focuses on mediality as an empirically relevant concept and proposes to understand media as socially constituted semiotic procedures that shape and are shaped by communicative practices The book is structured around this central idea with four main sections Part I examines digital environments analyzing the interplay between multimodal approaches and mediality through case studies such as digital learning platforms and Zoom seminars Part II focuses on journalistic procedures investigating how media shapes political debates and news presentation on platforms like Instagram Part III delves into embodied processes particularly the role of the body movements and gestures in communication illustrated through analyses of yoga tutorials and family dinner conversations Part IV combines diverse semiotic and medial resources with studies on historical data interpretation and virtual reality gaming practices The book aims to provide a comprehensive understanding of the role of different media in constituting meaning and shaping social interactions

**Handbook of Biology and Politics**  
*Steven A. Peterson, Albert Somit*, 2017-05-26 The study of biology and politics or biopolitics has gained considerable currency in recent years as articles on the subject have appeared in mainstream journals and books on the subject have been well received The literature has increased greatly since the 1960s and 1970s when this specialization first made an appearance This volume assesses the contributions of biology to political science Chapters focus on general biological approaches to politics biopolitical contributions to mainstream areas within political science and linkages between biology and public policy

The volume provides readers with a comprehensive introduction to the subject      **The Politics of Protest** Nadia E. Brown, Ray Block Jr., Christopher Stout, 2020-12-17 This collection provides a deep engagement with the political implication of Black Lives Matter This book covers a broad range of topics using a variety of methods and epistemological approaches In the twenty first century the killings of Black Americans have sparked a movement to end the brutality against Black bodies In 2013 BlackLivesMatter would become a movement building project led by Alicia Garza Patrisse Cullors and Opal Tometi This movement began after the acquittal of George Zimmerman who murdered 17 year old Trayvon Martin The movement has continued to fight for racial justice and has experienced a resurgence following the 2020 slayings of Ahmaud Arbery George Floyd Breonna Taylor Sean Reed Tony McDade and David McAtee among others The continued protests raise questions about how we can end this vicious cycle and lead Blacks to a state of normalcy in the United States In other words how can we make any advances made by Black Lives Matter stick The chapters in this book were originally published in the journal Politics Groups and Identities      **Exploring the C-SPAN Archives** Robert X. Browning, 2015-11-15 Exploring the C SPAN Archives is a collection of path breaking research studies that use video drawn from the C SPAN Archives The book based on the papers presented at a November 2014 conference includes chapters that explore issues in presidential debates minority representation the presentation of the first ladies stem research and innovative ways to analyze video The book is divided into five parts Part 1 consists of an overview of and common scholarship using the C SPAN Archives and how this research advances the conversation after previously published studies Featured are the ways in which the collection is indexed and tips on how individuals can find particular materials This section is essential for increased scholarship and pragmatic applications Part 2 contains applied research using the video collection Topics in this section include a look at oral histories of minority members of Congress an analysis of presidential debates and the presentation style of Michelle Obama Part 3 is focused on STEM research including concepts and contradictions in the debate over STEM initiatives expertise and evidence in science presentations in the C SPAN Archives and the framing of technology issues in a C SPAN television series The Communicators Part 4 presents innovative research using C SPAN and new computer technology Two scholars take different technical approaches to evaluate polarization and communication using audio levels and video images Finally in Part 5 David Caputo presents ideas on the value of massive open online courses MOOCs using C SPAN and reflects on the use of C SPAN for citizen education in what he terms the postdigital world Additionally Patrice Buzzanell contributes a reflective essay on the future directions of research using the C SPAN Archives based on the essays in this volume      **LGBTQ Lobbying in the United States** Christopher L. Pepin-Neff, 2021-05-26 LGBTQ Lobbying in the United States argues that the issues and tactics prioritized by the mainstream gay lobbying community fail to serve LGBTQ interests and are complicit in perpetuating heteronormative power dynamics and institutions that render queer and trans people vulnerable to structural oppression The book posits that there are different LGBTQ lobbying communities a dominant gay mainstream lobbying category whose work

advances heteronormative ideals and a second category of LGBTQ lobbying that is intersectional and challenges hegemonic heterosexual institutions Analysis in the book builds on existing public policy literature and is aided by the author's practitioner experience in lobbying for LGBTQ issues in Washington D C over the past 20 years This book is suitable as a textbook for students and researchers in LGBTQ studies U S politics and gender studies The book will also appeal to activists and professionals in political lobbying

Advances in Research Using the C-SPAN Archives Robert X. Browning, 2016-11-15 This book is a guide to the latest research using the C SPAN Archives In this book nine authors present original work using the video archives to study presidential debates public opinion and Congress analysis of the Violence Against Women Act and the Great Lakes freshwater legislation as well as President Clinton's grand jury testimony The C SPAN Archives contain over 220 000 hours of first run digital video of the nation's public affairs record These and other essays serve as guides for scholars who want to explore the research potential of this robust public policy and communications resource
