Harada, 2017-03-29 Completely revised with even more contributions added by practicing school librarians, this book further examines the responsibility to lead in many areas and identifies the real-world day-to-day application of established theory and best practices. In today's educational landscape, school librarians need to lead the way in many areas, including advocacy, literacy, technology, curriculum, vision, collaborative instruction, and intellectual freedom. All of these areas are vital to building and sustaining a school library program that enhances and encourages student achievement as well as to providing enhanced services to students and faculty. This revised edition of *The Many Faces of School Library Leadership* offers invaluable insights from recognized leaders in the field of school librarianship that detail leadership roles embraced by accomplished practitioners and consider the research regarding best practices.
