Business Disruptions in a Pandemic World examines the sweeping effects of the COVID 19 pandemic on global businesses. We explore how different sectors have faced the virus's challenges, leading to dramatic impacts on logistics, supply chains, economic stability, and small businesses. The shift to hybrid working models has introduced new emotional and physical challenges, causing disruptions from trade to finance. Our book delves into various government measures and policies implemented to address these issues, highlighting the struggle of companies both in the private and public sectors to adapt. The global work landscape is evolving as countries strive to return to a sense of normalcy. Even though the pandemic persists, this book focuses on its business impact, uniting insights from various industries. We offer practical solutions for crisis decision making, public health, and business management. With well-researched details, this book serves as a valuable resource for understanding the current global situation and learning from it.
