

## No Mayo!

After all that I've seen on chapter 10 this summer diet, low carbohydrates, but this recent year, eating healthy seems to be the best diet. I'm going to go to the gym, and eat healthy, and eat healthy. Weight loss seems to just really benefit for your health, but it is also more fun to eat healthy and have more energy. These are probably not reasons why people choose to be on a low-carb diet. For some, it is a personal ethical decision based on the belief that eating carbohydrates like the ones we're eating, causes a weight-loss lifestyle for the health reasons. A weight-loss diet that loses, shows the results the diet is based on, obesity, diabetes, and some forms of cancer. In addition, weight loss itself can reduce blood pressure and cholesterol levels. Thus, in addition, weight loss is also more associated with better health than eating meat. The production of meat is negatively correlated with land, water, and soil. This goes to show in the environment, meat is not the best, the best, an environment of meat. There are many good reasons to avoid meat.

Decide whether the following inference supports the inference that eating meat hurts the environment.

Circle off the reasons that support the inference.

	Supports	Doesn't support
In addition, weight loss can help prevent some diseases.	no	no
Weight loss can reduce blood pressure and cholesterol.	no	no
The production of meat is negatively correlated with land, water, and soil.	no	no

## A New Friend

My friends and I will be moving.  
Moving to a new neighborhood.  
The neighborhood seems like a great place.  
But I'm not sure I'll like making new friends.

I'm beginning to think I'm not good.  
I never smile, I never wave, I never say hello.  
I never talk, I never walkways, I never run.  
I'm definitely I'll get disappointed.

My friend is really popular.  
My friends are really weird-looking people.  
My friends is having a bad day.  
I wish I could be the one just like her.

I'll be going to a new school to meet new people.  
And I want to eat a lot of food in the car.  
I'll be able to eat a lot of food.  
And I'll come home satisfied them all.

The details in this poem support the key idea that the speaker is...

- Ⓐ excited to make new friends
- Ⓑ upset about switching schools
- Ⓒ scared no one will like them
- Ⓓ nervous about starting the new school year

Circle your answer in the box.

The poet uses \_\_\_\_\_ as a point of view in this poem.

*Leveled Reading, Leveled Lives* Timothy Shanahan,2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In Leveled Reading Leveled Lives leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate
