## **Act Practice Reddit Usa:**

*You Should Quit Reddit* Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple *You Should Quit Reddit* is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

**Transformations in Criminal Jurisdiction** Micheál Ó Floinn, Lindsay Farmer, Julia Hörnle, David Ormerod KC, David C. Ormerod, 2023-08-24 Can traditional approaches to territorial jurisdiction adapt to the new global reality Leading experts in criminal law and internet law unite to address this fundamental question They consider whether this can be done through the development of parallel concepts such as extraterritorial or universal jurisdiction or whether the situation requires completely new kinds of approaches to criminal jurisdiction and transnational crime The book illuminates the way in which questions of jurisdiction are becoming increasingly important to the investigation prosecution and punishment of crime as with the growth of technology and the internet many crimes no longer take place within neat national boundaries Increasingly criminal lawyers grapple with complex answers to seemingly simple questions Where was the crime actually committed Which body has authority to investigate Which court has jurisdiction to hear the case and impose a sentence Part 1 looks at theoretical perspectives on criminal jurisdiction and how traditional jurisdictional concepts and understandings are being challenged transformed and reimaged in the era of the internet cloud computing and social media Part 2 homes in on the investigative powers of the state to explore how these practical issues can inform the continuing transformation of current challenges
