Begin with a **Blank Presentation** to get right to work. Or save yourself time by selecting a theme or template that resembles what you need. Select **File** > **New**, and then select or search for the theme or template you want.

Find recent files

Whether you only work with files stored on your PC's local hard drive or you roam across various cloud services, selecting **File** > **Open** takes you to your recently used documents and any files that you may have pinned to your list.

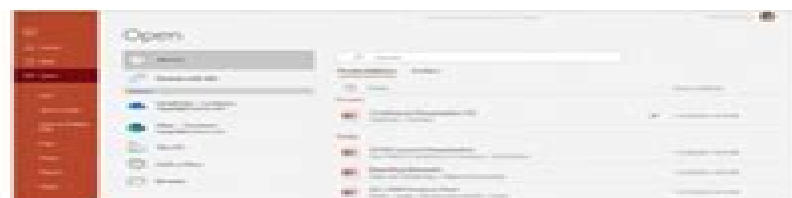

Stay connected

Need to work on the go and across different devices? Select **File** > **Account** to sign in and access your recently used files anywhere, on any device, through seamless integration between Office, OneDrive, and SharePoint.

Share your work with others

To invite others to view or edit your presentations in the cloud, select the **Share** button in the top right corner of the app window. In the **Share** pane that opens, you can get a sharing link or send invitations to the people you select.
