## Nice Out Closet Into Archives Researching:

**Archives and New Modes of Feminist Research** Maryanne Dever, 2020-04-28 In an era when the metaphor of the archive is invoked to cover almost any kind of memory collection or accumulation it is important to re-examine what is entailed politically and methodologically in the practice of feminist archival research. This question is central not only to the renewed interest many disciplines are showing in empirical research in archives but also given the current explosion of online social and cultural data which has fundamentally transformed what we understand an archive to be. Contributors in this collection are keen to mark out what may be novel and what is enduring in the ways in which feminist thought and feminist practice frame archives. Importantly they engage with archives in their historical and political complexity rather than treating them as simple repositories of source material. In this respect contributors are keenly interested in what it means to archive particular materials and not simply in what those materials may hold for feminist researchers. The collection features established and emerging feminist scholars and brings together interventions from across such disciplines as history, literature, modernist studies, cinema studies and law. This book was originally published as a special issue of the journal *Australian Feminist Studies*. **Methodological Advances in Research on Social Movements, Conflict, and Change** Thomas V. Maher, Eric W. Schoon, 2023-07-12 Now that we are almost a quarter of the way into the 21st century the field of sociology is in need of research like this which explores methods for studying contentious politics in the context of broader social changes to peacebuilding, armed conflicts and social movements. *Book Review Digest*, 2002 *Guardian*, 2004 Milner Memos Milner Library, 1996 Adweek, 2005-04 *Brandweek*, 2005-04 Factsheet Five, **Tarsila Do Amaral** Tarsila, Aracy A. The result of more than 10 years of research access to previously unavailable MGM personnel files and containing many unpublished photographs and complete filmography Gowns by Adrian brings us into the design studio and onto the sound stage and makes us privy to the everyday give and take between designer and star. For the reclusive Garbo Adrian was the only designer who understood her wish to avoid revealing necklines or fur. Shearer was particular in another way: two versions of every dress were de rigueur before she would choose one of them and Crawford was there ever a star more demanding or more determined. As Adrian once exclaimed: Who would have thought that my entire reputation as a designer would rest on Joan Crawford's shoulders. **BOOK JACKET** A Century at Cornell Dan Margulis, 1980 **The School Musician: Director and Teacher**, 1980 **Life Writing Outside the Lines** Eva C.
