Textbook of Basic Nursing Caroline Bunker Rosdahl, Mary T. Kowalski, 2008 Now in its Ninth Edition this comprehensive all in one textbook covers the basic LPN LVN curriculum and all content areas of the NCLEX PN Coverage includes anatomy and physiology nursing process growth and development nursing skills and pharmacology as well as medical surgical maternal neonatal pediatric and psychiatric mental health nursing The book is written in a student friendly style and has an attractive full color design with numerous illustrations tables and boxes Bound in multimedia CD ROMs include audio pronunciations clinical simulations videos animations and a simulated NCLEX PN exam This edition s comprehensive ancillary package includes curriculum materials PowerPoint slides lesson plans and a test generator of NCLEX PN style questions *Modules for Basic Nursing Skills* Janice Rider Ellis, Elizabeth Ann Nowlis, Patricia M. Bentz, 1992-01-01 Complete Guide to Documentation Lippincott Williams & Wilkins, 2008 Thoroughly updated for its Second Edition this comprehensive reference provides clear practical guidelines on documenting patient care in all nursing practice settings the leading clinical specialties and current documentation systems This edition features greatly expanded coverage of computerized charting and electronic medical records EMRs complete guidelines for documenting JCAHO safety goals and new information on charting pain management Hundreds of filled in sample forms show specific content and wording Icons highlight tips and timesavers critical case law and legal safeguards and advice for special situations Appendices include NANDA taxonomy JCAHO documentation standards and documenting outcomes and interventions for key nursing diagnoses Nursing Administration Handbook Howard S. Rowland, Beatrice L. Rowland, 1997 This handbook presents the concepts of the administrative process as applied to the administration of healthcare delivery The purpose of the book is to provide a roadmap for nurse administrators to use as they negotiate their way through an increasingly complex and evolving field It is a text and a hands on reference Texts such as this are needed and authors objectives are met The book is a text for students and handbook for nurse executives My judgment is that it is for graduate students and beginning managers for the most part The authors are credible given it is their fourth edition of the book The illustrations include tables and examples of management tools that serve to highlight important points in the text References are mostly from the early to mid 1990s with some of the older more historical references The table of contents is thorough and easy to use This book covers thoroughly the concepts incorporated in the nursing administration domain The framework for organizing the chapters is an acceptable framework but not one I prefer The book is useful and the tables and examples are helpful I would recommend its use as a basic reference for graduate students in nursing administration Nursing Documentation Patricia W. Iyer, Nancy Hand Camp, 1995 Clearly and concisely provides guidelines for appropriate and careful documentation of care Accurate documentation shows managed care companies that patients receive adequate care and that health care providers are controlling costs and resources In addition it plays a large role in how third party payors make payment or denial

decisions This new edition includes the latest changes and trends in nursing documentation as related to the newly restructured healthcare environment Special attention focuses on the latest documentation issues specific to specialty settings such as acute care home care and long term care and a variety of clinical specialties such as obstetrics pediatrics and critical care Amazon com **Professional Writing for Nurses in Education, Practice, and Research** Philip C.
