Meanings Of Audiences Comparative Discourses:

Meanings of Audiences Richard Butsch, Sonia Livingstone, 2013-08-15 In today's thoroughly mediated societies people spend many hours in the role of audiences while powerful organizations including governments corporations and schools reach people via the media Consequently how people think about and organizations treat audiences has considerable significance This ground breaking collection offers original empirical studies of discourses about audiences by bringing together a genuinely international range of work With essays on audiences in ancient Greece early modern Germany Soviet and post Soviet Russia Zimbabwe contemporary Egypt Bengali India China Taiwan and immigrant diaspora in Belgium each chapter examines the ways in which audiences are embedded in discourses of power representation and regulation in different yet overlapping ways according to specific socio historical contexts Suitable for both undergraduate and postgraduate students this book is a valuable and original contribution to media and communication studies It will be particularly useful to those studying audiences and international media

The International Encyclopedia of Communication Theory and Philosophy, 4 Volume Set Klaus Bruhn Jensen, Robert T. Craig, Jefferson D. Pooley, Eric W. Rothenbuhler, 2016-10-31 The International Encyclopedia of Communication Theory and Philosophy is the definitive single source reference work on the subject with state of the art and in depth scholarly reflection on key issues from leading international experts It is available both online and in print A state of the art and in depth scholarly reflection on the key issues raised by communication covering the history systematics and practical potential of communication theory Articles by leading experts offer an unprecedented level of accuracy and balance Provides comprehensive clear entries which are both cross national and cross disciplinary in nature The Encyclopedia presents a truly international perspective with authors and positions representing not just Europe and North America but also Latin America and Asia Published both online and in print Part of The Wiley Blackwell ICA International Encyclopedias of Communication series published in conjunction with the International Communication Association Online version available at www.wileyicaencyclopedia.com

Musicians and their Audiences Ioannis Tsioulakis, Elina Hytönen-Ng, 2016-12-19 How do musicians play and talk to audiences Why do audiences listen and what happens when they talk back How do new and old technologies affect this interplay This book presents a long overdue examination of the turbulent relationship between musicians and audiences Focusing on a range of areas as diverse as Ireland Greece India Malta the US and China the contributors bring musicological sociological psychological and anthropological approaches to the interaction between performers fans and the industry that mediates them The four parts of the book each address a different stage of the relationship between musicians and audiences showing its processual nature from conceptualisation to performance and through mediation to off stage discourses The musician audience conceptual division is shown throughout the book to be as problematic as it is persistent

Audience Helen Wood, 2024-02-21 This accessible guide through audience studies histories outlines a contemporary Cultural Studies

approach to audiences for the digital age This book is not a survey of all existing audience research Instead its chapters survey parts of the field in order to draw some through lines from older traditions to contemporary debates giving students a way in to thinking about the current landscape from an audience sensitive perspective In order to do this the book utilises a series of verbs to organise and cut a path through audience research and register its ongoing relevance today These verbs are audience anchor mean feel and work The list is not exhaustive and the reader is invited to think about what verbs they would add or change throughout the book Audience suggests renewing the importance of form as a cultural process and in circling back to Cultural Studies circuit of culture it proposes a modified framework for the digital circuit Each chapter opens with a particular scenario for the reader to reflect upon and asks a specific question to help orient the account of research that is to come especially for those new to Media and Cultural Studies and to audience studies Written in an engaging and accessible style this book is ideal for both students and researchers of Media and Cultural Studies

Communicating the history of medicine Solveig Jülich, Sven Widmalm, 2019-11-19 *Communicating the History of Medicine* critically assesses the idea of audience and communication in medical history This collection offers a range of case studies on academic outreach from historical and current perspectives It questions the kind of linear thinking often found in policy or research assessment instead offering a more nuanced picture of both the promises and pitfalls of engaging audiences for research in the humanities For whom do academic researchers in the humanities write For academics and indirectly at least for students but there are hopes that work reaches broader audiences and that it will have an impact on policy or among professional experts outside of the humanities Today impact is more and more discussed in the context of research assessment Seen from a media theoretical perspective impact may however be described as a case of audiencing and the creation of audiences by means of media technologies

Mass Communication: Audience and effects of mass communication Denis McQuail, 2006 Denis McQuail's major work in Mass Communication is another essential part of the SAGE Benchmark series Drawing on both classic and contemporaneous sources McQuail guides us through the central defining papers that anchor this field Taken together the four volumes provide access to the key debates within the field and all the main lines of research that have emerged Publisher

Gender and Media Tonny Krijnen, Sofie Van Bauwel, 2021-10-27 This thoroughly revised second edition provides a critical overview of the contemporary debates and discussions surrounding gender and mediated communication The book is divided into three parts representing producing and consuming with each section made up of three chapters The first chapter of each section attempts to answer the most basic questions Who is represented Who produces what and Who consumes what The second chapter of each section draws attention to the complexity of the relationship between gender and media concentrating on the why The third and final chapter of each section addresses the latest debates in the fields of media and gender adding a vital layer of understanding of the topic at hand Throughout text boxes provide additional information on the most important concepts and topics and exercises help bridge the gap between

theory and everyday life media practices The second edition has been updated in light of current developments with regard to gender media technologies and globalisation including recent theoretical insights and examples This is an ideal textbook for students studying gender and media and for general courses on gender studies sociology cultural studies and women s studies

The Social Semiotics of Mass Communication Klaus Bruhn Jensen,1995-07-11 This text offers a framework for understanding the key role of the mass media in the social production of meaning It draws on classic positions on the relations between communications and society and on recent work in both social sciences and humanities Consuming Audiences? Ingunn Hagen,Janet Wasko,2000 This text explores the intersection between research in political economy and reception analysis the interaction between media production and audience reception consumption Questions asked include what role does textual analysis play in the study of production contexts and audiences reception *Mediated Communication* Philip M. Napoli,2018-09-24 Media scholarship has responded to a rapidly evolving media environment that has challenged existing theories and methods while also giving rise to new theoretical and methodological approaches This volume explores the state of contemporary media research Focusing on Intellectual Foundations Theoretical Perspectives Methodological Approaches Context and Contemporary Issues this volume is a valuable resource for media scholars and students

The Battle of the Mind Hilde Arntsen,1997 *Media Research Methods* Barrie Gunter,2000-02-11 Assessing the relative strengths and weaknesses of qualitative and quantitative methods this book examines the methodological perspectives adopted by media researchers in their attempts to understand the nature of media in society
