Uber B. Yasanthi Perera, Pia A. Albinsson, 2020-01-16 Uber is one of the most innovative companies of our time This book provides a detailed analysis of the company and its success and goes beyond the headlines about safety and culture Many of us are so accustomed to using Uber today that the name of the innovative ride sharing company has become a verb as in to Uber somewhere and yet Uber has been around only since 2010 Uber has disrupted the ride hailing industry from making it easier and more affordable to become an Uber driver than a cab driver to rating riders as well as drivers As an early pioneer in using technology to create a new business model and new efficiencies Uber is considered one of the most important case studies in the sharing economy However little in depth information exists on this innovative company This book traces Uber's origin and evolution in the face of competitive pressures discusses the company leadership and corporate culture addresses such controversies as rider and driver safety and sexual harassment of female employees and explores how the company is addressing these challenges Students of business entrepreneurs and anyone interested in the development and exponential growth of the sharing economy will benefit from reading this book **The**

Measure of Economies Marshall B. Reinsdorf, Louise Sheiner, 2024-12-16 Innovative new approaches for improving GDP measurement to better gauge economic productivity Official measures of gross domestic product GDP indicate that productivity growth has declined in the United States over the last two decades This has led to calls for policy changes from pro business tax reform to stronger antitrust measures But are our twentieth century economic methods actually measuring our twenty first century productivity The Measure of Economies offers a synthesis of the state of knowledge in productivity measurement at a time when many question the accuracy and scope of GDP With chapters authored by leading economic experts on topics such as the digital economy health care and the environment it highlights the inadequacies of current practices and discusses cutting edge alternatives Pragmatic and forward facing The Measure of Economies is an essential resource not only for social scientists but also for policymakers and business leaders seeking to understand the complexities of economic growth in a time of rapidly evolving technology Contemporary Business Louis E.
