The EPM Entertainment Marketing Sourcebook, 2000 *Impressions* Elizabeth Anderson, 2011-11 Elliot blames himself for the death of his best friend Charlie and has a hard time dealing with it Eventually he meets Allison a fellow member of the stage crew for the school play He slowly allows her into his life and they become best friends The friendship is tested when she learns she is diagnosed with bone cancer How will he be able to lose another friend **Double Attraction** Frank Zachery, 2003-04-03 The owner of an Austin computer manufacturing company finds he is missing one million dollars worth of central processor chips and his teen aged son Private investigator Dan Brandon is hired to find them Brandon must solve three related murders and investigate a suspicious new computer company in San Antonio You ll be transported to Austin Texas where you ll meet the wealthy family and owners of the multi million dollar computer company Sex murder and intrigue will be your companions along this compelling must read *Index to Jewish Periodicals*, 2001 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *Confronting Right Wing Extremism and Terrorism in the USA* George Michael, 2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American politics Jacket *The Middle East, Abstracts and Index*, 2005 *Liberalism, Black Power, and the Making of American Politics, 1965-1980* Devin Fergus, 2009 In this pioneering exploration of the interplay between liberalism and black nationalism Devin Fergus returns to the tumultuous era of Johnson Nixon Carter and Helms and challenges us to see familiar political developments through a new lens What if the liberal coalition instead of being torn apart by the demands of Black Power actually engaged in a productive relationship with radical upstarts absorbing black separatists into the political mainstream and keeping them from a more violent path What if the New Right arose not only in response to Great Society Democrats but as significantly in reaction to Republican moderates who sought compromise with black nationalists through conduits like the Blacks for Nixon movement Focusing especially on North Carolina a progressive southern state and a national center of Black Power activism Fergus reveals how liberal engagement helped to bring a radical civic ideology back from the brink of political violence and social nihilism He covers Malcolm X Liberation University and Soul City two largely forgotten federally funded black nationalist experiments the political scene in Winston Salem where Black Panthers were elected to office in surprising numbers and the liberal nationalist coalition that formed in 1974 to defend Joan Little a black prisoner who killed a guard she accused of raping her Throughout Fergus charts new territory in the study of America s recent past taking up largely unexplored topics such as the expanding political role of institutions like the ACLU and the Ford Foundation and the emergence of sexual violence as a

political issue He also urges American historians to think globally by drawing comparisons between black nationalism in the United States and other separatist movements around the world By 1980 Fergus writes black radicals and their offspring were more likely to petition Congress than blow it up That liberals engaged black radicalism at all however was enough for New Right insurgents to paint liberalism as an effete anti American ideology a sentiment that has had lasting appeal to significant numbers of voters
