Don't read this book. Instead use your Oracle Applications and work on it. This book has emphasis on learning the E Business Suit by using the Just get on and Start doing approach. Learning real software applications goes on only through active participation and practice. Pay attention to the details and fields and options buttons available on the screens and learn their navigation and make the logical grouping of the screens and the navigational paths. Implement your learning to the live systems as they are having the similar setups. Critical Acclaim for this book 2nd Edition. This book is superb in focusing on Oracle Applications basics and masters the functionality of Oracle Apps. It is easy to follow and explanations are very clear. I recommend this book for any new consultant in Financials or Distributions areas. This book can use as very good reference material. Shivmohan Purhohit Advisory Consultant Pune India.
