*Over 50 and Motivated* Brian E. Howard, 2017-04-01 Book Three in Motivated Series by Brian E Howard It happened It may have been a surprise or it could have been anticipated but at this point what does it matter You lost your job Or the frustrations at your current job have hit the boiling point You just can t take it anymore In either case change is inevitable But you re over the age of 50 and intellectually or intuitively you know your age could be a factor in your job search and you are right There are age related biases that exist in the job market that will work against you According to government statistics job seekers over 50 encounter more difficulty in getting new jobs and suffer notably longer unemployment than their younger counterparts But these statistics do not have to apply to you First immediately stop with the worry and negative thinking You re in a better position than you think There are employers out there that not only will hire you they are looking for you The key is to find them sell them on you and get them to hire you It s not as hard as you may think In the Over 50 and Motivated Brian E Howard will teach you a systematic approach for conducting a real world job search based on years of frontline recruiting experience helping thousands of tenured job seekers just like you He will teach you how to effectively conduct a job search in today s job market and techniques to successfully combat age biases He will show you how to get job offers and your next fulfilling career position Help is at your fingertips

**Handbook of Organizational Performance, Volume II** Douglas Johnson, C. Merle Johnson, 2024-10-28

This book offers a comprehensive exploration of the powerful intersection between behavior science and performance improvement and demonstrates the myriad ways in which this science can advance performance improvement. Featuring some of the top researchers and consultants from across the globe, Volume II focusses on a wide range of advanced topics from behavioral safety to emerging opportunities for worker well-being such as performance feedback, compensation, performance assessment, safety, wellness, training, self-management, discipline, marketing, and more. It explores the latest breakthroughs and advancements in the field, comes with a new introduction and epilogue, and is supplemented by review questions. It is an indispensable resource for instructors, practitioners, and students of organizational behavior management. Each chapter in this volume is written as an introduction to its topic and equips students and professionals alike with the tools and knowledge to drive performance improvement ethically and effectively in diverse contexts. The chapters in this book were originally published in the *Journal of Organizational Behavior Management*.
