Organizational Learning Creating Retaining And Transferring Knowledge:

Organizational Learning Linda Argote, 1999-01-31 Why do some organizations learn at faster rates than others Why do organizations forget Could productivity gains acquired in one part of an organization be transferred to another Learning curves have been documented in many organizations in both the manufacturing and service sectors The classic learning curve model implies that organizational learning is cumulative and persists through time However recent work suggests that firms also demonstrate depreciation of knowledge or forgetting Such understanding becomes more exciting as one looks at the link between learning and productivity *Organizational Learning Creating Retaining and Transferring Knowledge* describes and integrates the results of research on factors explaining organizational learning curves and the persistence and transfer of productivity gains acquired through experience Chapter One provides an overview of research on organizational learning curves Chapter Two introduces the concept of organizational forgetting or knowledge depreciation Chapter Three discusses the concept of organizational memory Chapter Four argues that analyzing small groups provides understanding at a micro level of the social processes through which organizations create and combine knowledge Chapter Five describes results on knowledge transfer Chapter Six discusses various tensions and trade offs in the organizational learning process

International Perspectives Linda L. Neider,Chester Schriesheim,2007 Overall our objective for this volume is to stimulate additional conceptualizations and research in the very broad area of international management Hopefully the insightful chapters presented here will show not only the challenges involved in understanding such a complex domain but additionally show that substantial progress is being made to untangle the various complexities As in the past there are a number of

individuals we wish to thank First we thank Susan Stearns for her tremendous help in making sure that all of the pieces fit together so well as we organized this volume **Preventing Unemployment in Europe** Paul Klemmer, Rüdiger Wink, 2000
Some of the fundamental issues the book tackles include the extent to which the conditional framework for preventive labour market policy is undergoing change the response mechanisms to these changes which characterise national strategies and the learning processes which can be triggered through the exchange of national experiences within the EU the discussions within the book benefit from both an economic analysis of the subject matter complemented by a broader social science approach The editors have produced a resource which should prove invaluable for both policymakers and academics in the fields of labour market theory and policy BOOK JACKET **Toward a Multilevel Knowledge Transfer Paradigm** Zheng Jane Zhao, 2005
