

A photograph of four healthcare professionals, two men and two women, standing in a hospital hallway. They are all smiling and wearing scrubs. The man on the far left is wearing teal scrubs, the man next to him is also in teal, the woman next to him is in light blue, and the woman on the far right is in purple. The background shows a typical hospital corridor with a door and a green exit sign.

Home Care Nursing Practice is a practical text and reference that provides guidelines for nurses managing complex patient care in a home environment. It addresses the basic concepts of home care nursing, common clinical conditions found in the home, patient education, and life span coverage, packaged in a comprehensive, consistent format. Includes separate chapters on select clinical diagnoses such as ventilator dependent patients, patients with congestive heart failure, patients with AIDS, and patients receiving IV therapy. Follows a consistent format in clinical chapters to describe pathophysiology, assessment, guidelines, and related equipment to aid the home care nurse in developing the plan of care. Describes the family role and nursing interventions for caring for families in crisis in a new chapter, *Caring for Families in the Home*. Describes how the home environment may impact a patient's health in a new chapter, *Managing Environmental Threats in the Home*. Provides an overview of holistic and alternative therapeutic practices that may be encountered in the home in a new chapter, *Complementary Therapies and Home Care Nursing Practice*.

Fast Facts about Medical Cannabis and Opioids Gregory Smith, Kevin Smith, 2020-03-18. Note to Readers: Publisher does not guarantee quality or access to any included digital components if book is purchased through a third party seller. Helps nurses to provide the best and safest care for patients suffering from chronic pain. This is the first book to discuss the use of medical cannabis in helping combat the opioid crisis, relieving pain, and reversing opioid addiction rates. With information presented in short chapters with bulleted content, this concise resource delivers all the information healthcare professionals need to know about non-cancer related chronic pain, the opioid crisis, and medical cannabis. Using the most up to date evidence available, it examines the varied causes of chronic pain and provides a succinct overview of how cannabis can be integrated into treatment plans. *Fast Facts About Medical Cannabis and Opioids* delves into the epidemiology behind chronic pain, what the endocannabinoid system is, and how it works. It examines the complex interactions of opiates, cannabinoids, and the central nervous system, and answers key questions about different types of medical cannabis to promote open, honest conversations. Above all, this handbook provides the tools for obtaining unbiased, accurate information to share with patients. **Key Features:** Delivers a comprehensive overview of the opioid crisis in the United States and the benefits and drawbacks of medical cannabis as an alternative or supplement to opioids. Discusses dos and don'ts of recommending medical cannabis to patients. Provides the most up to date information on cannabis legislation. Covers the endocannabinoid system and its biology. Compares the use of opioids and medical cannabis for managing chronic pain. Presents key information in short chapters, bulleted content, and figures, plus *Fast Facts* boxes that highlight key information. **Caring**, 1996
