Squares and Sharps, Suckers and Sharks Joseph Buchdahl,2016-05-27 People have been gambling in one form or another for as long as history itself Why Money entertainment escape and a desire to win are all traditional explanations Arguably however these are secondary considerations to a higher order purpose a craving for control Gambling offers a means of gaining authority over the unknown granting us a sense of control over uncertainty Almost always that sense is illusionary gambling including betting and investing is essentially random yet for many it is nonetheless profoundly rewarding This book attempts to explore the reasons why Along the way it examines the science of probability and uncertainty why gambling is often condemned the difference between expectation and utility the irrationality of human beings evolutionary perspectives on gambling luck and skill market efficiency and the wisdom of crowds why winners take all cheating and why the process matters more than the outcome

**How to Find a Black Cat in a Coal Cellar** Joe Buchdahl,2013-07-01 How do we know if we can beat the bookmaker That s easy just look at our bank balance But how do we know if we ve not just been lucky More specifically how do we know that someone who says he can do it and who is selling his expertise can keep doing it again and again through talent skill and hard work This book examines the techniques available to answer that question to identify those qualities and to help the reader find value for money in an industry that appears to be largely built on trust and the influence of chance to uncover the truth about sports tipsters and ultimately how to find the best tipsters the Black Cats

Racetrack Betting Peter Asch,Richard E. Quandt,1986 A day at the races with its colorful variety and fast paced action appeals to people from all walks of life Not surprisingly the idea of going home with a few more dollars than when one arrived is part of horseracing s charm In this entertaining but substantive volume two distinguished economists who happen to be horseracing buffs outline a tested strategy for placing bets that will increase the reader s chances of a happy outcome at the track The authors are the first to point out that getting rich at the racetrack is unlikely They do maintain however that with attention to their systematic approach the racing fan can achieve the best possible chance at winning In the process the reader learns some of the most important measurement techniques in the social sciences as well as the basic methods of market analysis
