Florida Law Review ,2018-03      *Intersectionality, Political Economy, and Media* Carolyn M. Byerly,2024-07-30 This textbook considers the critical relationship between gender race and class and the political economy of media providing an accessible introduction for students Carolyn M Byerly integrates gender race and class analysis in posing an intersectional political economy IPE of media theory and demonstrates how that theory applies in examining communication laws policies technology and other aspects of media today By synthesizing feminist and critical race theories with more traditional class analysis this book offers a unified approach to examining the media Individual chapters delve into communication policy ownership governance labor and technology issues with a concluding chapter that explores future research The book situates citizen challenges to the media s control by a small power elite within a dialectic of struggle and highlights specific campaigns that have pursued successful policy and media reform Several short case studies by other authors illustrate how an IPE investigation can be undertaken This is a key text for undergraduate and graduate media and communication courses such as Media and Society Political Economy of Media Gender Race and Media Research Methods and more It will also appeal to social science classes such as Media Sociology Labor Studies and Political Economy Research      Marketing in a Transition Economy Muhammad Ismail Hossain,Nasrin Akter,Abureza M. Muzareba,2024-07-03 This book presents case studies of local regional and international businesses to show that marketing is an environment sensitive activity requiring an environment specific treatment The business eco system of Bangladesh is considerably different from those of developed and developing countries due to a range of factors including the unmatched patterns in logistics infrastructure enforcement of laws and regulations cultural differences and competitiveness Insightful differences in business practices between the economies of Bangladesh and the West and or other developing countries are unfolded in this book The nuances of the contextual operational realities around different aspects of the business including marketing environment and management consumer behavior supply chain management brand management customer relationship management services marketing digital marketing integrated marketing communications and marketing ethics are presented in this book The business knowledge shared by the unique breadth and depth of cases is sure to make this book an effective resource for academia and industry      **The Virginia Quarterly Review** ,2021      *Minnesota Law Review* ,2016      Our Least Important Asset Peter Cappelli,2023 Why have jobs gotten so much worse In Our Least Important Asset Peter Cappelli argues that as financial accounting has become the guide for determining the success of companies its inability to assess the reality of employment creates distortions and a short sighted approach to management In the process employers undercut decades of evidence about what works to improve the quality productivity and creativity of workers Drawing on decades of experience and research Cappelli provides a comprehensive and insightful critique of the modern workplace where the gaps in financial accounting make things worse for everyone from employees to investors      Research in Personnel and Human Resources

Management M. Ronald Buckley, Anthony R. Wheeler, Jonathon R. B. Halbesleben, 2018-07-23 Research in Personnel and Human Resources Management is designed to promote theory and research on important substantive and methodological topics in the field of human resources management Volume 36 focuses on key issues such as job search processes human resource technology systems pregnancy issues at work and emotions at work *The Brains and Brawn Company: How Leading Organizations Blend the Best of Digital and Physical* Robert Siegel, 2021-07-27 A Top Financial Times Recommended Business Book The Brains and Brawn Company is the grounded clear sighted guide you need to blend digital and traditional business functions for long term competitive advantage Business leaders are continually told they need to embrace digital disruption wholeheartedly to thrive in the 21st Century Legacy companies we hear are all doomed to fail unless they double down on the latest digital innovations and disruptors are ordained to take over the world Digital innovation is the answer to everything False Nothing in life or business is ever that simple In The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical venture capitalist and Stanford Business School lecturer Robert Siegel brings the digital innovation conversation back down to earth He shows that while important digital is only part of the answer and it s never the only answer The vast majority of successful leaders from both incumbents and disruptors focus as much on things like logistics manufacturing and distribution as they do on digital innovation In fact many established companies are successfully countering young upstarts in other creative ways and many new organizations are learning from their older brethren Siegel shows how to create lasting profits and growth in the smartest way possible by creating a solid partnership between digital innovation and traditional business operations in other words by marrying brains and brawn He lays out the core competencies that today s industry leaders have mastered and explains how Charles Schwab uses cutting edge analytics to better serve millions of investors without violating its original code of values Align Technology transformed orthodontia by developing creative new business models along with new products Kaiser Permanente taps into the power of empathy to improve patient satisfaction while controlling costs Instacart balances ownership and partnerships to balance the needs of four key constituencies Target Best Buy and Home Depot found different ways to blend the best aspects of physical retail with innovative e commerce Desktop Metal is innovating high volume yet affordable production methods that can revolutionize manufacturing Filled with original research and case studies of Daimler 23andMe Instacart AB InBev Google and many other companies The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical provides practical proven insights and advice for bridging the gulf between digital vs physical disruptor vs incumbent startup world vs Fortune 500 and tech culture vs industrial culture The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical provides everything you need to set your company apart from your competitors in real and measurable ways and take the lead in your industry for years to come The Virtual Workplace Joseph A. Seiner, 2021-06-17 The recent pandemic has clarified the overwhelming connection between the workplace and

technology With thousands of employees suddenly forced to work at home a large segment of the workforce quickly received crash courses in videoconferencing and other technologies and society as a whole took a step back to redefine what employment actually means The virtual workplace is the blending of brick and mortar physical places of business with the advanced technologies that now make it possible for workers to perform their duties outside of the office Trying to regulate in this area requires the application of decades old employment laws to a context never even contemplated by the legislatures that wrote those rules This book explores the emerging issues of virtual work defining employment litigating claims aggregating cases unionizing workers and preventing harassment and provides clarity to these areas synthesizing the current case law statutory rules and academic literature to provide guidance to workers and companies operating in the technology sector
