**Craig Phillip Howe**

## **Native American Architecture:**

*Native American Architecture* Peter Nabokov, Robert Easton, 1990-10-25 For many people Native American architecture calls to mind the wigwam tipi iglu and pueblo Yet the richly diverse building traditions of Native Americans encompass much more including specific structures for sleeping working worshipping meditating playing dancing lounging giving birth decision making cleansing storing and preparing food caring for animals and honoring the dead In effect the architecture covers all facets of Indian life The collaboration between an architect and an anthropologist Native American Architecture presents the first book length fully illustrated exploration of North American Indian architecture to appear in over a century Peter Nabokov and Robert Easton together examine the building traditions of the major tribes in nine regional areas of the continent from the huge plank house villages of the Northwest Coast to the moundbuilder towns and temples of the Southeast to the Navajo hogans and adobe pueblos of the Southwest Going beyond a traditional survey of buildings the book offers a broad clear view into the Native American world revealing a new perspective on the interaction between their buildings and culture Looking at Native American architecture as more than buildings villages and camps Nabokov and Easton also focus on their use of space their environment their social mores and their religious beliefs Each chapter concludes with an account of traditional Indian building practices undergoing a revival or in danger today The volume also includes a wealth of historical photographs and drawings including sixteen pages of color illustrations architectural renderings and specially prepared interpretive diagrams which decode the sacred cosmology of the principal house types

**A History of American Architecture** Mark Gelernter, 2001 Presents a history of American architecture from the first civilizations in America to the present *Contemporary Native American Architecture* Carol Herselle Krinsky, 1996 *Arts in America: Art of the Native Americans, architecture, decorative arts, design, sculptures, art of the West* Bernard Karpel, 1979 Architectural Tribalism in the Native American New World Craig Phillip Howe, 1995 American Architecture Leland M. Roth, 2018-05-04 More than fifteen years after the success of the first edition this sweeping introduction to the history of architecture in the United States is now a fully revised guide to the major developments that shaped the environment from the first Americans to the present from the everyday vernacular to the high style of aspiration Eleven chronologically organized chapters chart the social cultural and political forces that shaped the growth and development of American towns cities and suburbs while providing full description analysis and interpretation of buildings and their architects The second edition features an entirely new chapter detailing the green architecture movement and architectural trends in the 21st century Further updates include an expanded section on Native American architecture and contemporary design by Native American architects new discussions on architectural education and training more examples of women architects and designers and a thoroughly expanded glossary to help today's readers The art program is expanded including 640 black and white images and 62 new color images Accessible and engaging American Architecture continues to
