

# NATURE'S ETERNAL RELIGION

Part I of the White Man's Bible

A POWERFUL NEW RELIGIOUS CREED  
STRUCTURED FOR THE SURVIVAL, EXPANSION,  
AND ADVANCEMENT OF NATURE'S FINEST.

- Based on the Eternal Laws of Nature
- Based on the Experience of History
- Based on Logic and Common Sense

by BEN KLASSEN, P.M.

Founder of Creation

# Natures Eternal Religion

**Hermann Lotze**

## Natures Eternal Religion:

**Nature's Eternal Religion** Ben Klassen, 2016-01-01 *Nature's Eternal Religion* is the founding text of Creativity. It is divided into two sub sections which can be considered books in their own right Book I The Unavenged Outrage and Book II The Salvation. The first chapter discusses nature and what Klassen sees as nature's laws. The second chapter states the religious belief that the White race is Nature's Finest. The first book goes on to critique Christianity including the Christian Bible. A large number of biblical stories including the story of Adam and Eve, Jonah and the whale and the Resurrection are ruled to be historically unlikely. The historicity of Jesus is also questioned with the author concluding that he can find no independent evidence for the existence of the man. *Nature's Eternal Religion* Ben Klassen, Ben Klassen P M E, 2015-01-27

**NATURE S ETERNAL RELIGION** by Ben Klassen 1973 This is the basis and foundation for the ideology of Creativity still stands out as the most important book on the subject of White survival. NER has the ability to revolutionize White America turning it into a battery ram of power. *Nature's Eternal Religion* is loaded with powerful ideas that no Racially conscious White person should go without.

**Nature's Eternal Religion** Ben Klassen, 1973 **Reading and Writing Scripture in New Religious Movements** E. Gallagher, 2014-07-24 New religious movements both read the Bible in creative ways and produce their own texts that aspire to scriptural status. From the creation stories in Genesis and the Ten Commandments to the life of Jesus and the apocalypse they develop their self understandings through reading and writing scripture. **Radical Religion in America** Jeffrey Kaplan, 1997-01-01 The burning in Waco of the Branch Davidian compound and the Oklahoma City bombing have heightened fear of American extremist groups. Jeffrey Kaplan combines interviews, correspondence and publications not hitherto accessible to examine the cultic milieu in which these religious movements exist. Kaplan discusses several radical belief systems but concentrates on three of the more prominent groups. They include the Christian Identity whose members believe they are the true Aryan descendants of Israeli biblical tribes, Odinism and the related Asatru movement which attempts to reconstruct the practices of Norse Germanic paganism and the Babi Noah the anti-Christian movement in favor of God's covenant with Noah. To explain the existence and durability of religious cults he applies the philosophy of Colin Campbell. From Martin Marty he employs the mapping theory to place the movements in the sphere of American spirituality. His work details how the groups interact, the internal organizational friction and how the private anti-cult groups the Anti Defamation League, Klanwatch and Cult Awareness Network monitor the activity of the movements. He argues that right wing violence is primarily an impulsive act carried out by part time revolutionaries against convenient targets or against that which represents change in the status quo. Thought provoking in his analysis Kaplan lays bare the issues for current debate how sectarian organizations far outside the mainstream of American religious life pose a significant challenge to prevailing conceptions of the First Amendment. He questions the extent to which even the most antagonistic and despised groups can carry out fanatical actions and still benefit from such protection. **Black Sun** Nicholas

Goodrick-Clarke,2003-07 The Unpredictable Constitution brings together a distinguished group of U S Supreme Court Justices and U S Court of Appeals Judges who are some of our most prominent legal scholars to discuss an array of topics on civil liberties In thoughtful and incisive essays the authors draw on decades of experience to examine such wide ranging issues as how legal error should be handled the death penalty reasonable doubt racism in American and South African courts women and the constitution and government benefits Contributors Richard S Arnold Martha Craig Daughtry Harry T Edwards Ruth Bader Ginsburg Betty B Fletcher A Leon Higginbotham Jr Lord Irvine of Lairg Jon O Newman Sandra Day O Connor Richard A Posner Stephen Reinhardt and Patricia M Wald

**World Religions and Cults Volume 1**

Bodie Hodge,Roger Patterson,2015-08-13 Religions in today s culture seem to be multiplying Have you ever wondered why certain religions believe and practice what they do Or how they view the Bible This volume delves into these and other engaging questions such as How can a Christian witness to people in these religions Do these other religions believe in creation and a Creator How do we deal with these religions from a biblical authority perspective Many religions and cults discussed in this first volume openly affirm that the Bible is true but then something gets in their way And there is a common factor every time man s fallible opinions In one way or another the Bible gets demoted reinterpreted or completely ignored Man s ideas are used to throw the Bible s clear teaching out the window while false teachings are promoted This book is a must for laymen church leaders teachers and students to understand the trends in our culture and around the world where certain religions dominate helping you discern truth and guard your faith When you understand a religion s origins and teachings you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions

**Through Nature to God** John Fiske,1899

**Encyclopedia of Cults, Sects, and New Religions** James R. Lewis,2002

No Marketing Blurb *Radical Religion and Violence* Jeffrey Kaplan,2015-11-19 Jeffrey Kaplan has been one of the most influential scholars of new religious movements extremism and terrorism His pioneering use of interpretive fieldwork among radical and violent subcultures opened up new fields of scholarship and vastly increased our understanding of the beliefs and activities of extremists This collection features many of his seminal contributions to the field alongside several new pieces which place his work within the context of the latest research developments Combining discussion of the methodological issues alongside a broad array of case studies this will be essential reading for all students and scholars of extremism religion and politics and terrorism

**God in Human Thought: Ancient religions** Ezra Hall Gillett,1874

*The Methodist*

*Review* ,1899 **Encyclopedia of American Religions** J. Gordon Melton,1996 Compact clearly printed and a delight to use A sine qua non for the reference collections of public academic and theological libraries American Reference Books Annual New Edition Your patrons will find this resource comprehensive as well as compelling with coverage on more than 2 100 North American religious groups in the U S and Canada from Adventists to Zen Buddhists Information on these groups is presented in two distinct sections These sections contain essays and directory listings that describe the historical

development of religious families and give factual information about each group within those families including when available rubrics for membership figures educational facilities and periodicals This new 5th edition also includes more than 200 new entries in the directory portion and a new chapter on the Interfaith and Ecumenical family In addition numerous indexes help users quickly find the information they're seeking **Reason and Religion** Julius Rupp, 1881 **Cyclopædia of Political Science, Political Economy, and of the Political History of the United States** John Joseph Lalor, 1882
