

ROYAL NAVY PHYSICAL EMPLOYMENT STANDARD

The new RN Physical Employment Standard (RN PES) reflects the critical and most physically demanding tasks you would likely undertake on a ship or submarine. Evidence has shown it will better support the physical outputs needed when serving at sea or on land, while also contributing towards overall health and wellbeing. The new seven gym-based exercises that form the RN PES are below. You will have 15 minutes to complete it so should pace yourself as you move around the stations.

The PES has been developed with Operational Fitness, RN PTs and personnel from the Institute of Naval Medicine (INM). All RN personnel who are fit and healthy (without medical downgrade) should be able to pass the test - regardless of age or biological sex - with some additional strength training in prescribed movement patterns. Your PTs are here to support your safety and training regime to prepare you for PES and a 12-week conditioning programme is available. If you need support in the meantime, speak to your PTs, Deployable Regional Units (DRUs), or your Physical Development Officer.
