The Business of Sports Mark Conrad, 2017-02-17 The Business of Sports provides a comprehensive foundation of the economic organizational legal and political components of the sports industry Geared for journalism communication and business students but also an excellent resource for those working in sports this text introduces readers to the ever increasing complexity of an industry that is in constant flux Now in its third edition the volume continues to offer a wealth of statistics and case studies up to date with the newest developments in sports business and focused on cutting edge issues and topics including the many changes in international sports and the role of analytics in decision making and tax rules that have a major effect on athletes and teams

Whither College Sports Andrew Zimbalist, 2021-11-12 Intercollegiate athletics is under assault from all sides Its economic model is yielding increasing and unsustainable deficits and widening inequality Coaches and athletic directors are the highest paid employees at FBS universities NCAA Division I Football Bowl Subdivision by factors of five to ten or more Athletes are being cheated on their promised education do not receive adequate medical care and are not allowed to receive cash income Substantial change either toward reasserting the intended primacy of education for intercollegiate athletes or a further surrender to commercialism is coming This book lays out the starkly different paths that college sports reform can follow and what the ramifications will be on the athletes and on the institutions in which they are enrolled

Unwinding Madness Gerald S. Gurney, Donna A. Lopiano, Andrew Zimbalist, 2016-12-13 A critical look at the tension between the larger role of the university and the commercialization of college sports Unwinding Madness is the most comprehensive examination to date of how the NCAA has lost its way in the governance of intercollegiate athletics and why it is incapable of achieving reform and must be replaced The NCAA has placed commercial success above its responsibilities to protect the academic primacy health and well being of college athletes and fallen into an educational ethical and economic crisis
