The 2017 Trafficking in Persons Report highlights the successes achieved and the remaining challenges before us on this important issue. The primary focus is to showcase the responsibility of governments to criminalize human trafficking and hold offenders accountable. This year's report theme is increasing criminal accountability of human traffickers and addressing challenges in prosecution, an essential component of the 3P paradigm of prosecution, protection, and prevention. It provides an overview of the types of human trafficking offenses that are taking place around the world in violation of human rights. The text includes sidebars of situational human trafficking experiences to allow the reader to understand the different types that occur throughout the world. High school students and above may find this report helpful for research and writing essays about human rights and law enforcement of human trafficking. American citizens, policy analysts and decision makers, law enforcement personnel, and human rights policy activists and advocates and world leaders may refer to this report as a reference on these crimes.
