Beginnings Phonics & Review Cards Grd K5 3rd Edition 191825,2005-02-25 The Phonics and Review Cards are durable teaching aids each student will want to have for spelling instruction and review **Phonics Review 1** Zoe Gillespie,Matthew Glavach,2018-08-16 PHONICS REVIEW 1 Grade one through adultSYSTEMATIC PHONICS INSTRUCTION High quality audio lessons with reproducible workbooks Phonics Review 1 includes hours of audio lessons and workbooks to present sound and letter relationships The program includes rhyming patterns and spelling patterns in whole words and sentences Knowledge of sounds and letters provides the power to decode thousands of words Students can follow the program on their own and practice until they succeed Skills Include 1 Beginning Consonants 2 Ending Consonants 3 Short Vowels 1 4 Short Vowels 2 5 Long Vowels 6 Consonant Digraphs7 Beginning Consonant Blends 8 Ending Consonant BlendsTestimonial She s been thrilled using your lessons Here s an excerpt of the note shesent This course is working very well for our son He calls it his robotteacher We are new to homeschooling and he is doing GREAT We are trulygrateful Parent **After Five Through After Fifty Phonics - Read in 100 Easy Lessons Companion Printables** GlimmercatEducation,2019-02-02 A Bundle of our Phonics packets designed to be used after you have completed any of the FIRST 50 lessons of the wonderful reading program Teach Your Child To Read in 100 Easy Lessons We have sounds flash cards phonics activities worksheets and fun crafts that are tied in with the sounds of all 100 phonics lessons your child has completed with you There are also helpful writing practice sheets that are useful for follow up with the sounds Sometimes children need a little something extra to turn on the light of excitement inside them These supplements are exactly what is needed to turn that light on As a homeschool mom I was hesitant about 100 Easy Lessons because of the lack of reinforcement activities provided by the curriculum itself Once we found GlimmerCat s packets it was an easy choice for us to continue with using it with our kindergartner He has not only done beautifully with 100 Easy Lessons but has thrived with these additional packets because of our ability to reinforce the lessons with quick and easy worksheets that he actually enjoys crafts and the flash cards that make reviewing the sounds he s learned easy to do no matter where we are We have laminated the flash cards with each packet and keep them handy for waiting rooms long car rides and restaurants and have enjoyed making card games of our own with them to help him review Thank you for such a great resource It s that time You ve found your reading curriculum because it was recommended to you by almost every other homeschooler you have run across It s all included in one beautiful not so little book with this huge title Teach Your Child to Read in 100 Easy Lessons You ve even skimmed through the first few pages and you re just itching to try it all out with your child sitting in your lap reading through the sounds with you Here s the only catch You had hoped to include a few complimentary crafts for your beginning reader and maybe a few follow ups along with Siegfried Engelmann s valuable reading instruction You are aware already that repetition for small ones is vital and although much repetition is built into Teach Your Child to Read there is

always room for more especially when it can be an engaging activity outside of the book itself This is the whole reason I created supplementary printables myself I wanted crafts I wanted extra hands on activities and heck I even wanted worksheets that showed my child how to write the letters as recommended at the end of each lesson without having to create the letters myself by hand on a piece of writing paper So here I am with printable packets created and my middle child is ready to begin reading In fact she has already completed the first 5 lessons So it is time for us to begin my first supplemental phonics packet
