**The Last Limerick** Jane Gillette,2010-05 Going home proves deadly for soap star Roger Ferris when he abandons New York and a plum television role for life as an academic in picturesque Belmont When the cavalier actor is found stabbed to death in his luxurious condo he leaves a string of prominent enemies a host of suspects and two perplexing questions What prompted his hasty retreat from fame and fortune and who paid for his extravagant art

collection Jane Gillette's The Last Limerick is a tightly constructed crime novel that integrates plot and satire in its narrative about Midwestern professionals and artistic types who fall into sexual triangles and other geometric shapes with as much abandon as they go for each other's throats. Wheels within wheels mesh as perfectly as the inside of a Swiss watch as they turn out the story of why a highly popular TV actor suddenly quits his role to return to his hometown to teach college a deadly decision. If the author's logical plotting is exceeded by anything, it is her deft and creative use of metaphor and simile. The reader can almost feel her delight in capturing and puncturing the pretentiousness of her more self important characters.

It improves strength without necessarily building bulk. It also targets the core, midsection and other muscles that often get neglected by other activities. My introduction to Pilates happened at an early age. For most of my life I was considered tall for my age with long legs and big feet. My parents thought it would be a good idea to enroll their lanky toddler in ballet classes. I continued those classes and other dance classes for over 14 years. In high school I was a lean 5'8" ballet dancer and basketball player. I still had big feet but they were complemented by long legs, long arms and a long neck. What did I have to complain about? My midsection I was relatively slim but I had a pudgy middle. In high school where appearances are everything I wanted to do something about it. Fortunately around this time my dance instructor introduced the class to the Pilates method. She said that Pilates is based off of the ballet moves many of us had been doing for most of our lives. She promised that the method would flatten our midsections and make us feel taller. My dance instructor made good on her promise. After just 15-20 minutes of Pilates before we started dancing I felt taller. Over time I felt slimmer. I was hooked. I've been doing Pilates ever since and I love it. I've taken classes and I've done several Pilates DVDs. Of all the activities I participate in, everything from running to basketball to kickboxing to Zumba, Pilates is one that I always come back to because it is really so effective and important. EXCERPT FROM THE BOOK Pull the part of your stomach area that is below your belly button upwards and inwards as if you are pulling it away from your belt line. Keep your rib cage relaxed and breathe normally. You should be able to feel the muscle contracting in your lower abdomen. Another essential skill is being able to activate your pelvic floor. Your pelvic floor muscles are at the base of your abdomen. They control your bladder and bowel functions. They also stabilize not only the pelvis but also the lower back. If you have lower back pain, are pregnant or experience incontinence, learning how to control these pelvic floor muscles can really help. How do you activate your pelvic floor? Start in neutral spine position. Contract the muscles you would use to urinate. Breathe as you normally would. Once you can handle activating your TA and your pelvic muscles separately, try activating them together. Ready for some advanced Pilates moves? Great! Here are six of the most common moves for experienced Pilates pupils. Because sometimes it's easier to see the moves being done rather than reading about them, many of the links in this section are to videos. Advanced Pilates Exercises: The Crab. The Crab requires complete control from your core so it will give you a great ab workout. It builds on exercises like the Roll Up but is slightly more advanced. Start by sitting up straight. Bend your knees almost Indian style and cross your feet at the ankles. Bring your knees up to your shoulders and grab your feet with your hands. Drop your head and allow your spine to curve as you prepare to roll. Breathe in and roll back. Control the movement. Try not to let your limbs flail around. Once you roll to your shoulders, let go of your feet and switch your feet around. Grab your feet again as you prepare to roll up. Breathe out and roll forward. Inhale as your head touches the mat. Roll back to repeat the move. Double Leg Kick. This

move works the back extensors and the hamstrings primarily but it can be a total body exercise as well Start by lying face down with your head turned to one side and your feet together [Yoga and Pilates Home Workouts Get Fit for Free!](#) Angie Newson,2012-02 By fusing pilates and yoga you ll become more aware of your breathing and more aware of working your body from the inside out This book contains expert advice and dedicated fitness plans to help you create workout programmes to match your own ability [Pilates for You](#) Ann Crowther,2006 **The Pilates Body Kit** Brooke Siler,2003-04-05 Pilates is the fastest growing trend in fitness today with millions enjoying its muscle strengthening and body toning benefits In this follow up to her New York Times bestseller The Pilates Body Brooke Siler provides a safe effective and personalized Pilates course for home or travel that allows readers to progress at their own pace with a master teacher leading the way This unique interactive kit contains Two 70 minute plus audio CDs containing eight complete classes 70 full color instructional cards with photographs of each pose and breathing and techniques tips A 64 page workbook with a 20 page journal and a record keeping section to track progress Brook Siler was hailed by Vogue as one of America s most sought after Pilates trainers Author of the New York Times bestseller The Pilates Body she is owner of the acclaimed re AB studio in New York City where her clients have included Madonna Liv Tyler Amber Valletta and many others She studies under the tutelage of Romana Kryzanowska Joseph Pilates protege for more than 30 years and now sits on the board of the Pilates Guild
