dangerous and can only tell a part of the story What is the answer to this generational conflict that is beginning to stress friendships acquaintances and even families How can we diffuse the emotion and get to positive solutions that will help heal the divide Daniel Muller attempts to understand this growing generational conflict at a more micro level namely by documenting and sharing the individual life stories of a somewhat random collection of everyday Baby Boomers Besides their life stories he relates their opinions about a series of hot topics today all in an attempt to better understand what linkages may exist between their environment families early and mid life years and how they think and behave today SEX DRUGS ROCK and WAR The Boomer Generation is an enjoyable collection of very diverse life stories In addition Muller shares a fascinating analysis of Boomer values and opinions and hypothesizes about the underlying potential causes of the growing conflict between generations Finally he shares his suggestions to calm the generational wars *"The" Athenaeum* ,1887
