Native American Womens Studies A Primer:

Native American Women's Studies Stephanie A. Sellers, 2008 This introduction to the fundamentals of Native American women's studies first looks at several definitive topics created by the western cultural notion of feminism and western historical and religious perspectives on women. These include ecofeminism, gender roles and work, notions of power, essentialism, women's leadership, sexualities and spirituality in light of gender. The book then discusses these concepts and their history from a traditional Native American point of view. Foremost among the questions that Native American Women's Studies addresses are: How have Native American women governed their nations? How was/is the divine creatrix expressed in Native American social systems? Most significantly, this book sheds light on the radical differences between the indigenous understanding of human experience in terms of gender and that held and created by western culture.

Indigenous Women's Reproductive Traditions Stephanie Sellers, 2025-09-09 What happens when centuries old reproductive traditions clash with colonial impositions? In *Indigenous Women's Reproductive Traditions*, Stephanie A. Sellers delves into the rich history of Indigenous women's reproductive practices before European colonization. The book highlights traditional methods such as birth control, abortion, and child spacing, which were integral to maintaining agency over their bodies. Sellers explores how these practices were disrupted by European patriarchal structures and examines the impact of forced sterilization in the 20th century. Today, Indigenous women are reclaiming their rights through movements for reproductive justice, advocating for a return to their ancestral practices and redefining concepts of womanhood and motherhood on their own tribal terms. Ideal for courses in Women and Gender Studies, Cultural Anthropology, and Native American Studies, this book offers crucial insights into the intersection of traditional practices and colonial impacts on Indigenous women's reproductive rights.

Living Indigenous Feminism Carolyn Ross Johnston, Terri McKinney Baker, 2025-06-15 *Living Indigenous Feminism* is a bricolage of historical research and historiography, poetry, interviews, biographies, memoirs, and stories both traditional and contemporary. This book poses the question of what southern and western history would look like if viewed through the eyes of a diverse sample of Indigenous women. The answer is that these Indigenous women have been living feminism in ways that shed new light on these histories while showing how their lives and visions can offer fresh guidance for turbulent present and the shared future we are making now. This book features Native women of many different nations, cultures, and regions, including Cherokee, Choctaw, Comanche, Seminole, Seneca, Iroquois, Navajo, Salish, and Kootenai, Kiowa, Muscogee, Creek, Yankton, Dakota, Sioux, Fort Sill, Apache, Cheyenne, Red Lake, Ojibwe, Ho Chunk, Seneca, Tonawanda Band, Standing Rock, Sioux, Lakota, Sioux, Blackfeet, Laguna, Pueblo, and San Ildefonso Pueblo. Indigenous women the authors contend have always lived a pattern of gender, power, and balance. Indigenous feminism is traditional and at the same time a source of fresh insights about how we can sustain balanced, inclusive, meaningful lives through times of challenge and change. Although traditional academic scholarship is an individualistic and solitary venture, this approach is relational and organic with the living.

Indigenous women who shared their stories with them and with the Indigenous women who lived before them whom the authors met on the pages of scattered historical records Their stories suggest powerful new meanings to what living feminism can do when we do it together **Feminist Collections** University of Wisconsin System. Women's Studies Librarian, University of Wisconsin System. Gender & Women's Studies Librarian, 2009 [American Indian Culture and Research Journal](#), 2009 [Feminist Thought, Student Economy Edition](#) Rosemarie Tong, 2018-10-03 This book provides a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism women of color feminisms and ecofeminism [New Books on Women, Gender and Feminism](#), 2008 **International Guide to Literature on Masculinity** Diederik F.
