## Nature And Altering It:

*Nature and Altering It* Allen Verhey, 2010-11-09 In this penetrating book Allen Verhey deftly unpacks the underlying human narratives or myths through which Western culture perceives nature and he presents the biblical narrative as an alternative story that can help shape a very different ethos for nature and altering it. Although Christian Scripture has often been accused of nurturing arrogance toward nature Verhey looks at the Bible in a way that moves beyond those accusations and demonstrates the value of the Christian narrative for contemporary ecological ethics.
