Jemy,2025-10-18 Dream Hackers is an investigative journey into the digital underground of lucid dreaming exploring a subculture that uses technology and various techniques to consciously control their sleep states The book delves into the science of the sleeping mind the tools and gadgets used in these secret labs and the psychological risks involved such as The Dream State Sickness The author chronicles the quest to build a Dream Net for a shared consciousness while also examining the potential corporate hijack of this last private frontier It s a story about a tribe of restless minds pushing the boundaries of human experience **The Side Hustle Path: 10 Proven Ways to Make Money Outside of Your Day Job** Nick

Loper,2015-03-03 Earn Extra Cash The Side Hustle Path is for people who want or need to earn some extra money outside of their day jobs Maybe you need a few extra dollars to make ends meet Maybe you want to pay off debt Maybe you want to save for a rainy day or for your children s education Maybe you just want to treat yourself to a nice vacation or a new car without feeling guilty about it Maybe you re looking for a way out of the corporate world an escape plan That s the ultimate financial freedom right That s how I got started down this entrepreneurial path and it s been the best choice I ever made You re willing to work for it because your future is worth working for The challenge is time is limited and you may not know where to start There are a million and one ways to make money online and everyone wants to sell you their proven system for Internet riches It s hard to tell what s a scam and what s legit Real World Examples This book offers 10 real world examples of how regular people just like you and me are earning side hustle income outside of traditional employment Many have even turned these part time ventures into full time businesses throwing off the shackles of their corporate overlords for good And the cool thing is there are no special technical skills or prerequisites to get started with any of the ideas presented Most don t require any big scary upfront investment Why Side Hustle Build Skills Build Security Build Income Build Freedom My Story After college I did what you re supposed to do I got a job The problem was almost immediately I found myself looking for a way out It wasn t that I hated the work or my coworkers but it just wasn t what I wanted to do with my life The thought of

spending my next 30 years there was terrifying So evenings and weekends I turned my attention online I d been dabbling with building rudimentary websites learning online advertising channels and even running my own small marketing campaigns for other company s products to test the waters And that s what The Side Hustle Path is about finding a low risk way make more money If you re looking for a get rich quick scheme or the secret to overnight success you won t find it here But what you will find are 10 down to earth entrepreneurs who were once sitting in your same position They felt the same fears and uncertainties but took action anyway What are you waiting for Scroll up and download your copy now [Financial Hacking: Evaluate Risks, Price Derivatives, Structure Trades, And Build Your Intuition Quickly And Easily](#) Philip Z

Maymin,2012-10-01 This book teaches financial engineering in an innovative way by providing tools and a point of view to quickly and easily solve real front office problems Projects and simulations are not just exercises in this book but its heart and soul You will not only learn how to do state of the art simulations and build exotic derivatives valuation models you will also learn how to quickly make reasonable inferences based on incomplete information This book will give you the expertise to make significant progress in understanding brand new derivatives given only a preliminary term sheet thus making you extraordinarily valuable to banks brokerage houses trading floors and hedge funds Financial Hacking is not about long detailed mathematical proofs or brief summaries of conventional financial theories it is about engineering specific useable answers to imprecise but important questions It is an essential book both for students and for practitioners of financial engineering MBAs in finance learn case method and standard finance mainly by talking Mathematical finance students learn the elegance and beauty of formulas mainly by manipulating symbols But financial engineers need to learn how to build useful tools and the best way to do that is to actually build them in a test environment with only hypothetical profits or losses at stake That s what this book does It is like a trading desk sandbox that prepares graduate students or others looking to move closer to trading operations [The country](#) ,1876 [Book Prices](#) Edward N.
