*Media Imperialism* Oliver Boyd-Barrett, Tanner Mirrlees, 2019-08-19 *Media Imperialism* Continuity and Change advances applied theoretical research on 21st century media imperialism. The volume includes established and emerging researchers in international communications who examine the geopolitical, economic, technological and cultural dimensions of 21st century media imperialism. The volume highlights and challenges how news, entertainment and social media uphold unequal power relations in the world. Written in an accessible style, this volume marries conceptual theoretical sophistication and concrete illustration with rich case studies and global examples. Chapters cover the complete media spectrum from social media to Hollywood to news and national propaganda in national and transnational analyses. Readers will find discussions that range from soft power and China to the USA's empire of the internet to the rise of Chindia in a post-American media world. The volume is essential reading for upper level undergraduate, postgraduate and research communities across a wide range of disciplines in the social sciences and the humanities.

*Copyright's Excess* Glynn Lunney, 2018-04-12 For more than two hundred years, copyright in the United States has rested on a simple premise: more copyright will lead to more money for copyright owners and more money will lead to more original works of authorship. In this important, illuminating book, Glynn Lunney tests that premise by tracking the rise and fall of the sound recording copyright from 1961 to 2015, along with the associated rise and fall in sales of recorded music. Far from supporting copyright's fundamental premise, the empirical evidence finds the exact opposite relationship: more revenue led to fewer and lower quality hit songs. Lunney's breakthrough research shows that what copyright does is vastly increase the earnings of our most popular artists and songs, which net result means fewer hit songs. This book should be read by anyone interested in how copyright operates in the real world.

*Parenting Different* Sarah Hayden, 2025-03-04 Everything you've ever wanted to know about parenting and celebrating your neurodivergent child from parenting expert, social worker and mother of five, Sarah Hayden. This is the book I wish I'd had when my daughter, Chlo, was diagnosed autistic. The book I wish I'd had when I was parenting any of my children as they faced challenges or didn't fit the norm. I've written it for every parent who wants to encourage and affirm their children for who they are, not who they're meant to be. Sarah Hayden. Parenting can be hard. Parenting a neurodivergent child in a neurotypical world can be even harder. But know you are not alone: all the reassurance, guidance and support you need is right here. Sarah Hayden, social worker, mother and neurodivergent human herself, helps you unlearn everything you thought you needed to know about parenting neurodivergent kids. Covering diagnosis, family life, siblings, schooling, puberty, therapy, food, peer relationships and so much more, Sarah provides new ideas and practical tools on how to support your child to be their best and most authentic self. Equipped with both professional expertise and hard-earned learnings from her own parenting journey, she also shares the story of her daughter, Chlo, Hayden's autism and ADHD diagnoses and how that transformed her expectations and parenting. There are insights from Chlo herself. Q&As addressing the questions Sarah is

most commonly asked by parents and Sarah's own story of adult diagnosis. With warmth, humour and just a little bit of sparkle Parenting Different shows you how to help your neurodivergent child not just survive but thrive in a neurotypical world

Women's Fascination with True Crime**, 2024-10-30 Seminar paper from the year 2022 in the subject Sociology Law and Delinquency grade 1 0 E tv s Lor nd University Faculty of Law course Criminology Crime and Criminal Justice language English abstract Aren't females themselves the archetypical victim in true crime stories? So why would they enjoy listening, watching or reading about the horrible things rapists and serial killers do to their targets? With this paper I seek to shed light into that paradox. I want to explain why true crime media is specifically popular amongst women. So firstly I will give a quick introduction into the rising popularity of true crime media. Secondly I will explore as well as explain the gender gap in true crime consumption with the aid of various social psychological, sociological and criminological research and present a profile of the typical female true crime fan. I will finish off with a summary
