College Football 2025:

The Economic Impact of Intercollegiate Athletics on Former Students Richard J. Cebula, Robert N. Fenili, James V. Koch, 2025-10-30 College graduates do not benefit economically from the intercollegiate athletic programs of their alma mater. Students provide substantial funding for their institution's intercollegiate athletic programs via tuition and fees. In fact, a typical student is required to pay for such activities. Will this financial burden paid for during undergraduate years help them in the real world? Whether measuring the incomes earned by alumni, their upward economic mobility or their record in paying off federal student loans, there is no subsequent economic payoff to graduates of institutions that spend large sums of money on athletic programs. And in all actuality, evidence suggests that graduates of campuses with FBS big time football programs end up earning less than graduates of comparable non-FBS institutions. The statistical analysis provided in this book is derived from a sample of almost 700 four year institutions between 2004 and 2022. The authors present the information and provide analysis focusing on five different measures of economic success the alumni for example the incomes alumni earn after graduating. The book uses this data to explain that there is either no definitive positive connection and in fact there might be a negative relationship between intercollegiate athletic programs and the economic success of their alumni.

For a Greater Good: The Tom Swann Story Thomas A. Swann, 2025-10-10 I wrote this book because you and I both need some inspiration from time to time in a tough world. I came out of the closet in 1992 as a gay Marine Corps veteran and civilian worker with a secret clearance for the Department of the Navy. I was assaulted and faced discrimination and retaliation from Navy officials. I was living with advanced AIDS. I suffered and persevered while the ACLU represented me in litigation against the Navy. I am the last federal employee to have his access to classified information challenged by the government based on being a member of the LGBTQ community. Our historic successful ACLU litigation against the Navy prompted the Navy Secretary to add sexual orientation protection to the Equal Employment Opportunity EEO policy for all civilian employees. The Navy added this protection more than four years before the other branches of the military. Now DEI and the EEOC are being shut down and we seem to be going backwards. My story will shed light on how difficult work was before DEI and why these programs are so vital for our nation. The fact that the ACLU and I accomplished this is inspiring. It means you can persevere through adversity and your hopes can be fulfilled. First have faith in a higher power and second believe in the person you see when you stand in front of a mirror. You must never give up hope or give in to discrimination.
