Japan Update, 1989 *International Management and Intercultural Communication* Elizabeth Christopher, 2016-04-30
International Management and Intercultural Communication consists of cases of direct observation and personal involvement in a wide variety of communication challenges in international management settings and discusses them in terms of management theories. The cases explore interactions across national cultures and regional boundaries demonstrating both traditional and unusual approaches to problems that sooner or later are likely to challenge all managers who operate internationally. The book is presented in two volumes. Volume 1 contains case studies concerning different aspects of international management and intercultural communication in business marketing and politics. Volume 2 deals with cases of international management in social and educational settings. **Career Building Through Social Networking** Alex Goetchius, 2007-08-15 Describes the history of social networking online and suggestions for how to get started in the industry.

Iron Maiden - Updated Edition Neil Daniels, 2016-10-01 Few bands have as widespread global appeal as Iron Maiden. This up to date book showcases the band in all its beastly glory. Formed in 1975 by a young East London bass player named Steve Harris, Iron Maiden went on to become one of the most successful heavy metal acts in history. With an estimated 85 million albums sold worldwide, the band remains hugely popular. Iron Maiden is the updated edition of the first ever complete illustrated retrospective of the band. Music journalist Neil Daniels relates the band's entire history and provides a complete up to date discography while respected heavy metal journalists and Iron Maiden experts including Ian Christie, Martin Popoff and Mick Wall analyze the recordings. The stories behind the band's formation, roster changes, recordings through 2015's *The Book of Souls* and tours through 2016 are complemented with nearly 500 images including live performance and candid off stage photographs and memorabilia including handbills, gig posters, backstage passes, buttons, ticket stubs and of course Eddie, Iron Maiden's iconic Derek Riggs created mascot. This new edition of Iron Maiden is required reading for any heavy metal fan. The book covers the compilation *From Here to Eternity* 2011, the CD, LP, DVD, Blu-ray release of *En Vivo* 2012, the Maiden World Tour 2012-2014 to North America, Europe and South America, *The Book of Souls* album 2015 and the 2016 tour.

Artist Management for the Music Business Paul Allen, 2014-07-17 With the evolution of the music business and the shifting influence of large record labels, the artist manager is now more than ever at the center of an artist's career. Artist managers are tasked with keeping abreast of the music industry and supporting the artists under their management while simultaneously managing their own careers. Including key industry insights, exclusive planning guidance, management tools and strategies for a successful career, *Artist Management for the Music Business* has the tools to support any new or experienced artist manager. Through its analysis of over a dozen case studies, lessons and contract examples, author Paul Allen provides a focused look at managing artists' careers. This follow up to the best selling second edition features a new chapter on entrepreneurship including detailed information on how to run an artist management enterprise as a business and

includes coverage of anticipating risks reacting to challenges and basic money management The chapter also contains additional sections on the effective use of social media the Web and handling online promotion For additional resources visit the book s website at www.artistmanagementonline.com **XHTML Essentials** Michael Sauers,R. Allen Wyke,2001-10-04 With Web access becoming available through TV handheld devices and even phones developers need to create sites that can be viewed from different environments not just from the desktop Introducing XHTML the next generation HTML this practical guide jumpstarts Web developers on the technology that ensures that their Web pages stay true to form on any available platform Using extensive code and real world examples XML expert Michael Sauers teaches readers how to apply XHTML quickly and effectively without having to become XML programmers first Readers will learn how to migrate legacy HTML documents to XHTML and create documents and applications for a variety of platforms Like the other books in the series an appendix listing will feature where to find updated information a source code index and other handy features
