International Directory of Company Histories Tina Grant, Thomas Derdak, 2003 When students, job candidates, business executives, historians, and investors need accurate and detailed information on the development of any of the world's 4550 largest and most influential companies, they need the *International Directory of Company Histories*. This multi-volume work brings together histories of companies that are a leading influence in a particular industry or geographic location from popular magazines, academic periodicals, books, annual reports, and the archives of the companies themselves. Entries provide information on founders, expansions, and losses; labour management actions; NAIC codes; key dates; ticker symbol; principal subsidiaries; principal divisions; principal operating units; principal competitors; and other significant milestones, all peppered with statistics, dates, and names of key players. The subsequent volumes are arranged alphabetically by company name within each volume. Each volume includes a cumulative index to companies and personal names. The histories were compiled from publicly accessible sources as well as from material supplied by the companies themselves. Entries on companies that have had major changes since they were last profiled may be selected for updating.
