Intermittent Fasting How To Returns:

Fasting Against Autoimmune Disease: A Radical Reset for Inflammation, Fatigue, and the Self-Attacking Immune System

Laing Z. Matthews, 2025-09-20 What if your autoimmune illness isn't a permanent defect but a sacred signal? Autoimmune disease is rising at an alarming rate. Hashimoto's, lupus, psoriasis, rheumatoid arthritis, multiple sclerosis, inflammatory bowel disease—these conditions now affect tens of millions, with conventional medicine offering lifelong suppression, not real solutions. This book proposes something radically different: That autoimmune illness is not a random malfunction but a breakdown in rhythm, clarity, and communication between the body, the soul, and time itself. Fasting Against Autoimmune Disease presents a groundbreaking framework where fasting is not starvation but sacred repair. Rooted in the science of immunology, autophagy, gut restoration, and mitochondrial healing, yet guided by ancient Daoist wisdom, this book reframes illness as an intelligent response to overload, distortion, and forgotten selfhood. You'll learn why autoimmune illness often arises in those who carry too much, feel too much, and endure too long. How modern life fragments circadian, immunological, and hormonal balance. Why fasting resets the immune system through rhythmic silence, not aggression. The truth about the gut-immune-brain axis and how fasting repairs the terrain. Why autoimmune flares may be your body's cry to remember who you are. Inside are clear, practical fasting protocols for Hashimoto's, hypothyroidism, and hormone dysregulation. Lupus, rheumatoid arthritis, and inflammatory pain. Psoriasis, eczema, and skin-based flares. Crohn's, ulcerative colitis, and leaky gut. Long COVID, post-viral fatigue, and immune confusion. And sensitive cases needing adaptive, gentle approaches. You'll also discover how Shen spirit and Wei Qi immune field are connected. Why emotional boundaries matter as much as dietary ones. How to reintroduce food without collapsing your healing. Breathwork, qi gong, and rituals for immune harmony. How to live the immune Dao, the daily rhythm of sovereignty. Whether you're newly diagnosed or decades deep in autoimmune struggle, this book will help you see your condition not as a curse to fight but as a path to walk with clarity, power, and peace. This is not a book about what to fear. It's a book about what to remember. From the author of the Fasting Against series, including Fasting Against Cancer, Fasting Against Diabetes, and Fasting Against Heart Disease, this volume brings together ancient medicine, modern science, and spiritual insight to offer a new path forward, one that begins in emptiness and leads back to wholeness. Triangulation is about a bitter, hateful, and manipulative narcissist trying to control all of us. Victims are relieved knowing it's a major demonic stronghold, the scapegoat. Common treachery: If you're tangled up with a narc and his flying monkey, get ready for abuse by proxy. Super Covert, while appearing innocent, he stirs the pot, then sits back to watch chaos as a family rots. One ends toxic generational abuse by walking away from other members, too.
