## **Morning Routine This Week:**

**30-Day Guidebook** Thomas E. Newell, 2022-11-17 The 30 Day Guidebook is a simple day by day record keeping of your consciousness actions awareness routine to align yourself on your spiritual path. You have a daily spiritual video from Sadhguru to listen to a daily lesson and a task to better understand how to organize your body and mind. This will get you into a state of mind to know and connect to your true inner self. When you align with the energy source around you it will in return give you signs to follow. When I ran into Deepak Chopra on the street I knew it was a sign that I was on my spiritual path. Let go of what you think your life should be and let the source of energy guide you on your path called your life.

**Highly Sensitive Person's Companion** Ted Zeff, Ph.D., 2007-03 Day to Day Help for Highly Sensitive People. About one in every five of us has a nervous system that is especially acute and finely tuned. If you're in this group on one hand it's a great gift. You're creative, compassionate, and you deeply appreciate subtlety and beauty in the world. On the other hand, you may be more easily disturbed by noise, bright lights, strong scents, crowds, and time pressure than the less sensitive among us. In his first book *The Highly Sensitive Person's Survival Guide*, author Ted Zeff presented ways to manage your heightened sensitivity. Now in this take-along daily companion, he offers practical tips and exercises you can use to find inner peace in any environment. Each chapter of *The Highly Sensitive Person's Companion* addresses overstimulation as it occurs in a specific aspect of life: relationships, work, daily pressures, exercise, and more. Let this book be your pocket-sized guide to finding the calm you need to enjoy and thrive with your heightened sensitivity without feeling overwhelmed. Many new ideas to help highly sensitive people thrive.

Elaine Aron, Ph.D., author of *The Highly Sensitive Person*. *The Highly Sensitive Person's Daily Companion* is a wellspring of practical advice for people who feel chronically overwhelmed. This proactive guide will help you take control of your environment, your relationships, and your emotions. Linda Johnsen, author of *Lost Masters and A Thousand Suns*. **Harper's Weekly**, 1892. **Posture Health** Felicia Dunbar, A.I., 2025-03-12 Posture Health explores the vital connection between spinal alignment and overall well-being, particularly as we age. It highlights how poor posture isn't just an aesthetic issue; it can lead to chronic pain, reduced mobility, and even respiratory problems. Intriguingly, the book reveals how posture analysis techniques have evolved and emphasizes the significance of spinal alignment in various medical traditions. The book details the anatomy of the spine and how posture changes from childhood through adulthood, addressing degenerative issues like disc compression. It offers practical solutions, including specific exercises for core strength and flexibility, and ergonomic adjustments for daily activities. By integrating these posture-improving habits, readers can proactively manage their spinal health. The book progresses logically, starting with core concepts and moving into practical applications for improving and maintaining posture. It aims to empower readers to take control through actionable advice, making it a valuable resource for anyone interested in proactive health management and wellness.
