**The Fish In The Room** M. Eweed,2025-11-03 You built the killer case flawless logic sexy data slides that could win a corporate beauty pageant And what happened Your customer picked your competitor Or your boss chose his own recycled dusty idea from 2019 Then They explained it with the dumbest reasons you ve ever heard So of course you thought I was two seconds away from calling them complete idiots But here s the twist they weren t being stupid they just ordered for themselves and your dish wasn t on the menu This isn t a normal business book It s what happens when you take behavioral science neuroscience psychology and real business strategy and put them together to answer one simple question how do you actually make people say yes and take action And it s not theory or jargon it s explained with real situations you already know you your boss your customers that colleague whose bad ideas keep getting approved and the real moves entrepreneurs used to turn small ideas into companies everyone now thinks were always going to succeed Because here s the problem what they taught you in business school was expensive fiction Every MBA program every management textbook every consultant deck tells the same fairytale about decision making people spot a problem gather information weigh alternatives and then pick the optimal solution It sounds scientific It sounds professional But it s fantasy Real life doesn t work like that This book speaks neuroscience not business school fiction Your brain actually has two systems making decisions The first is the emotional side your ancient survival processor that s been keeping humans alive for millions of years It s insanely fast reacts in milliseconds and it operates completely outside your awareness It doesn t talk it doesn t do logic it just fires gut reactions based on feelings The second is the analytical side your slow deliberate articulate processor That s the voice in your head that sounds

smart and professional It loves weighing options building arguments and writing long explanations for choices you already made Same brain two operating systems So picture it like this a giant ancient fish silent moving toward warm water away from danger following the group that s your emotional system Pure instinct Then picture a well dressed general articulate strategic making plans calculating incentives presenting frameworks speaking in full sentences about optimal outcomes That s your analytical system This whole book is your invitation to accept one uncomfortable truth humans don t buy spreadsheets And by spreadsheets I mean logic evidence numbers data all the rational firepower you thought would finally make them say yes Most of the time it doesn t Not your calculation Not your competitive matrix Not that slide deck you redesigned seventeen times Because what actually decides is the fish not the general So here s what s coming where behavioral economics and psychology finally meet Monday morning business decisions Turn the page and you ll see why your last pitch really failed and why it had nothing to do with the quality of your logic      **E-commerce** Kenneth C. Laudon,Carol Guercio Traver,2007 In today s evolving business environment E commerce business technology society introduces students to the concepts and practice of electronic commerce This book emphasizes the three major forces behind e commerce business fundamentals technology opportunities and social issues In every chapter these three themes come alive with the discussion of e commerce concepts in the areas of economics marketing and information technology and with the presentation of real world e commerce business cases and stories The result is a coherent framework for organizing a complex topic which promotes a clear understanding of how e commerce is evolving Book jacket      **Start Your Own E-Business** Lynie Arden,Entrepreneur Press,2009-02-25 Guides readers through the necessary steps to set up and manage an e business electronic business and provides advice on building a Web site marketing improving search engine listings and other related topics      *Radical Business Model Transformation* Carsten Linz,Günter Müller-Stewens,Alexander Zimmermann,2020-10-03 How can organizations complete a major business model transformation and how can leaders successfully guide their business through this radical shift As markets are constantly transformed by new technologies and disruptor competitors once successful business models designed to function in a different time now struggle as the mainstream changes This book is the guide for organizations looking to turn downward trends into upward momentum and gain an edge on the competition Now in its second edition this book offers practical advice on how to understand the fit of an existing business model and reconstruct it with a forward thinking approach New illustrative case studies of global organizations which have boldly transformed offer examples for change including SAP Netflix and Daimler Business transformation is presented as a leadership challenge and methods to realize and implement opportunities for innovation company wide are discussed in detail Radical Business Model Transformation is essential reading for business leaders transformation experts and MBA students interested in ensuring that their business model is future proof and can withstand the new proliferation of innovations set to transform the business landscape      **Screen Digest** ,2006      InfoWorld ,2005-12-05 InfoWorld is
