A Brain Tumor Changes Everything Jan Woltmann, 2021-03-08 What would you do if an inoperable tumor occupied the brainstem of your young adult son What would your next steps be How would you begin to pray In 2011 Jan Woltmann's twenty one year old son Nate was diagnosed with brain cancer the cancer was lethal the situation tragic and hope gone Medical science did everything possible through aggressive radiation and the strongest chemotherapy to delay the tumor's advance even as Jan and her husband slipped deeper into darkness and grief The couple did all the things parents do in the wake of heartbreak they wept ached prayed and planned for the worst loss imaginable This is a story about suffering that sets a place for you at the kitchen table around the Christmas tree and inside the waiting rooms at CancerCare This is a story for old souls those for whom life has ripened either suddenly or over time and who find themselves in search of life's mystery and meaning in the midst of sorrow Following a compelling medical narrative and textured by contemplative Christian
