The Microcosm ,1890 Truth and Progress in Economic Knowledge Roger Backhouse, 1997 Backhouse history and philosophy of economics

U of Birmingham England believes in truth and progress but defends them against postmodern skepticism by using some of the same sources it does rather than trying to return to a pre lapsarian state He

concludes by doubting the success of the conventional division of labor in which economic theorists transmute general assumptions into hypotheses to be tested and econometricians test those theories statistically and establish empirical

generalizations Those two functions he says must interact on a much more intimate level Some of the material is revised from previous publication
