Call of the Phoenix Erik Daniel Shein,Melissa Davis,Karen Fuller,2017-12-14 Ever since the beginning people have shared the world with the animals Magical guardians once guided the people to treat all Earth s creatures with reverence The mystical winged serpent Challis lived within the chosen guardians guiding them to promote a peaceful co existence When her spirit transcended from the mystical amulet to the next spirit keeper darkness eroded her purity making her pure magic a new vessel for darkness When the new keeper s reign was broken the damage had already been done The keepers faded into the backdrop of our history praying that one day a new generation of guardians would restore the balance of their world No one could have known centuries would pass that it would take a modern world to retrieve the magic of long ago When fourteen year old Seraphina Miles is sent to live with her estranged archaeologist father she has no idea she would be in for the adventure of a lifetime When she finds a strange amulet hidden in the ruins of Machu Picchu her boring summer is suddenly filled with a magic beyond her dreams The amulet leads her to a golden egg in the middle of a burning fire When the shell breaks the phoenix hatchling nestled inside imprints on Sera Their special connection sends her on a quest to find the missing stones which will give her the power to defeat the winged serpent that hides in the shadows

The German Bride Joanna Hershon,2008-08-05 Berlin 1865 Eva Frank the daughter of a benevolent Jewish banker and her sister Henriette are having their portrait painted which leads to a secret affair between young Eva and the mercurial artist This indiscretion has far reaching consequences more devastating than Eva or her family could have imagined Distraught and desperate to escape her
