strategies and the art of pricing to plan a symphony of profitability that resonates far beyond the realms of commerce Welcome to the realm where cost and prices converge a world of strategic decision making untapped opportunities and boundless potential October 2023 - Surplus Record Machinery & Equipment Directory Tom Scanlan, SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 110 000 industrial assets since 1924 including metalworking and fabricating machine tools lathes cnc equipment machine centers woodworking equipment food equipment chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD October 2023 issue Vol 100 No 10 **Marketing Case Studies in Emerging Markets** Dilip S. Mutum, Soo Yeong Ewe, Ezlika M. Ghazali, Racheal Louis Vincent, 2024-04-01 There is an increasing interest in emerging markets because of the higher economic growth rates compared to developed economies However these markets have a diverse consumer base with unique needs and preferences As a result companies in these markets face different challenges and opportunities Unfortunately there is a lack of marketing cases from these markets This book presents actual real world marketing cases in these markets offering an in depth look at some of the issues faced by companies in different industries It is hoped that the cases would serve as valuable reference material for academics students professionals in marketing business strategy and other related fields as well as policymakers to better understand the challenges of these markets and develop strategies to succeed in them Riding the Energy Transition Reda Cherif, Fuad Hasanov, Aditya Pande, 2017-05-22 Recent technological developments and past technology transitions suggest that the world could be on the verge of a profound shift in transportation technology The return of the electric car and its adoption like that of the motor vehicle in place of horses in early 20th century could cut oil consumption substantially in the coming decades Our analysis suggests that oil as the main fuel for transportation could have a much shorter life span left than commonly assumed In the fast adoption scenario oil prices could converge to the level of coal prices about 15 per barrel in 2015 prices by the early 2040s In this possible future oil could become the new coal Hypernomics Doug Howarth, 2024-01-23 You ve Never Seen What You ve Always Needed to Know Until Now Invisible forces are at work They push and shove on everything you buy or sell They affect every concept you want to take to market all the suppliers you ll deal with and every customer you ll ever see To be successful you need to understand them See them in detail in ways not possible with other methods Hypernomics Using Hidden Dimensions to Solve Unseen Problems discovers that markets behave according to previously unknown laws set by the buyers and sellers within them It reveals those rules and how to detect describe and deploy them to your advantage It doesn t change economics so much as reveal it It s like a microscope looking at pond water a telescope tilted to the sky sonar scanning the bottom of the ocean Hypernomics lets you see into markets in ways you can t with the unaided eye Sailors never navigate without a map You shouldn t either since your ship could wind up on the rocks Hypernomics gives you the means to

create market maps that show you where they have openings and how to fill them by giving customers what they want don't have and can afford It finds their thresholds and limits and responses to every possible feature in any product you can offer The interactions Hypernomics describes have been with us since the dawn of humanity Now you can finally see them and enjoy the advantages your competitors do not have Validated by 13 published papers multiple awards a patent and customers such as NASA Lockheed Martin Virgin Galactic and a restaurant down the street only Hypernomics gives you the ability to solve problems as varied as How could a restaurant increase revenue by 25% by rearranging seating How do you find describe and capitalize on open spaces in your market What happens when an NFL player decreases his forty yard dash time by a quarter of a second If you tried to exceed a market's limitations how could you lose 1B How do markets change over time Know what you need to Discover Hypernomics *Non-Petroleum Automotive Transportation* Carl Arthur MacCarley, 2025-07-17 *Non Petroleum Automotive Transportation* addresses the broad topic of energy and environmental sustainability for automotive transportation in a balanced comprehensive and readable way Readers will gain a basic understanding of the characteristics advantages and limitations of all viable alternatives to fossil fuels as well as the basics of internal combustion engines Fuels include ethanol methanol hydrogen biodiesel biomethane natural gas ammonia dimethyl ether and synthetic e Fuels and methods to calculate the carbon emissions and power output limits for each are covered The technologies operation efficiency and overall emissions of battery electric hybrid electric and hydrogen fuel cell vehicles will be analyzed and compared with all other vehicle fueling options Also covered are the fueling and charging infrastructure challenges energy resource requirements indirect environmental impacts safety and economic ramifications of the transition from gasoline and diesel fuel to electric and renewable fuels The interdependence of transportation with solar wind electric energy storage and emerging renewable energy sources is discussed The book concludes with an overview of the effect of incentives and carbon credits on the direction of automotive energy and suggestions for future career and investment opportunities enabled by this revolution **New Car Buyers' Valuation of Zero-emission Vehicles** Kenneth S.
