**Beyond the Green Economy** Ricardo Abramovay,2015-09-07 The world

needs a new economy In spite of tremendous and growing material prosperity inequality is on the rise and the current organization of the Earth s natural resources has failed to address the basic human needs of billions of people This book exposes the bottlenecks of the present path of economic growth and discusses the main path to alternatives In spite of undeniable advances all evidence points towards the growing depletion of the very ecosystems that societies depend on By placing ethics squarely in the middle of economic life this book demonstrates the need for a new economy one that fosters unity between society nature economics and ethics It questions the most important scientific and political pillar that forms the basis for evaluating social resource use economic growth Written in a non specialist language this book is an introduction to the main issues involving sustainable development It will be essential reading for both students and professionals working in the field of socio environmental responsibility

**The Deal** ,2010 **Captive Audience** Susan P. Crawford,2013-01-08

Ten years ago the United States stood at the forefront of the Internet revolution With some of the fastest speeds and lowest prices in the world for high speed Internet access the nation was poised to be the global leader in the new knowledge based economy Today that global competitive advantage has all but vanished because of a series of government decisions and resulting monopolies that have allowed dozens of countries including Japan and South Korea to pass us in both speed and price of broadband This steady slide backward not only deprives consumers of vital services needed in a competitive employment and business market it also threatens the economic future of the nation This important book by leading telecommunications policy expert Susan Crawford explores why Americans are now paying much more but getting much less when it comes to high speed Internet access Using the 2011 merger between Comcast and NBC Universal as a lens Crawford examines how we have created the biggest monopoly since the breakup of Standard Oil a century ago In the clearest terms this book explores how telecommunications monopolies have affected the daily lives of consumers and America s global economic standing
